# Price Guide.

If you joined Three **on or after 18 March 2014**, this Price Guide is for you as it sets out all the pricing information you need to know about our current Pay Monthly packages and how they work.

Our current Pay Monthly packages, which include a device, such as a mobile phone, have been designed to work for you and last 24 months. We think they offer great value and each comes with a bunch of benefits that you'll love, that you won't find elsewhere.

We've set out what you'll get as part of your package each month, the cost of any Services outside of your allowance including any Additional Services you may use, such as Add-ons and what it costs to use your phone abroad as well as other relevant charges.

# Your Pay Monthly package.

We like to do things differently here at Three. We're the only network to let their customers use their plan's allowances at no extra cost in 18 destinations (with more to come) around the world with Feel At Home (see page 8). All of our Pay Monthly packages include a device such as a phone and a set of allowances of voice, text and data units which you can use in the UK and in our Feel At Home destinations. Where and when you use these are up to you. How this works, and your allowance options are set out below.

All of these packages come with a minimum term of 24 months, unless we specifically state in writing otherwise. The Monthly Charge for your Package includes a £5.00 monthly discount for paying by recurring payment method, such as Direct Debit.

Step 1	Choose from a variety of devices							
Step 2	Choose your package allowance*							
First, choose how much data you want each month – each Data Unit converts on use into one MB data	500	1,024	2,048	4,096	8,192	12,288	30,720	All-you-can-eat
Then, choose how long you want to be able to talk for each month – each Voice Unit converts on use into one minute	50	100	300	600	All-you-can-eat			
Your package also includes Text units - each converts on use into one text message	All-you-can-eat							

### Step 3

Use your units in the UK or in Feel At Home destinations.

If you use all of your units each month, they convert into the following megabytes of data, minutes and texts.	500 (MB)	1,024 (1GB)	2,048 (2GB)	4,096 (4GB)	8,192 (8GB)	12,288 (12GB)	30,720 (30GB)	Unlimited in the UK. 12,288  (12GB) in Feel At Home
	50 mins	100 mins	300 mins	600 mins	Unlimited in the UK. 3,000 mins in Feel At Home			
	Unlimited in the UK. 5,000 in Feel At Home							

\*Not all combinations of data and minutes allowances will be available on all devices.

### Extra benefits from being with Three

All of your data allowance can be used as a personal hotspot allowance in the UK, unless you choose a plan with All-you-can-eat data. In this case, you can use between 4GB and up to 30GB of your data each month as a personal hotspot in the UK - how much depends on your contract start date and which plan you're on (see page 17).

4G at no extra cost (when you choose a 4G device).

Control your spend by choosing to block any out of bundle spending (this doesn't include blocking any purchases made using Payfortit)

Use your phone abroad at no extra cost. With Feel At Home. Covering 18 destinations now including Spain and New Zealand – (see pages 8 & 9 for details).

# What are the costs outside of my allowance?

- If you've used up all of your data allowance, you can now either buy an Add-on to get extra units that lasts until your monthly allowance is refreshed (see page 4), or you can change your price plan (via your My3 account) to one with an increased allowance if you find yourself needing increased allowances on a longer-term basis, from what you signed up to.
- If you've used up all of your voice units, you can continue to make calls and just be billed for these – the cost per minute for this is set out below – or you can change your price plan (via your My3 account) to one with an increased allowance if you find yourself needing an increased allowance on a longer-term basis, from what you signed up to.
- The table below also includes the cost of video calls, video messages and picture messages, as these aren't included in your allowance.

Outside of Allowance	Per minute / message
Calls to standard UK landlines, UK mobiles (any network) and your Three voicemail once you've used your allowance	35p
UK Video calls	51.1p
UK Video messages	17.4p
UK Picture messages (depending on your phone, if your message includes certain emojis or emoticons, you may be charged this rate for that message)	17.4p

## What Additional Services are available?

These are the additional, optional, or extra services which you may choose to use in addition to your package or outside of your allowance. We've broken these down into our range of Add-ons; the cost to call Special Numbers and our International Charges.

We may change or introduce new charges in respect of Additional or Services Outside of your Allowance, and we'll publish any changes on our website. If any Add-ons are affected which have a recurring charge, we'll let you know at least 14 days before the charge changes.

If you're not happy with a change to the charge for an Additional Service or Add-on (if applicable to you), you won't be able to end your agreement with us, but you can cancel the Add-on(s) or stop using the Additional or Outside of Allowance Services.

### Add-ons.

- With Three's Add-ons it's easy to customise your Pay Monthly package to give you even more flexibility and value. If you just need extra data units to last you until your monthly allowance refreshes, we offer short-term Add-ons.
- We have previously sold long-term Add-ons on these plans, which if you joined or upgraded your contract between 18 March 2014 and 28 April 2015, you may have on your account. If you already have one of these, it will continue to be applied to your package on a rolling basis each month, until you tell us you no longer wish to get this, or your change your price plan. Details of these Add-ons can be found on page 3.
- If you now wish to increase your data or minutes allowance on a longer term basis, you can change your price plan to one with an increased allowance that better meets your needs each month, in your My3 account. There will be a small, one-off fee payable to do this (which allows us to apply the increased allowance immediately to your account). This will not affect your contract end date with us.

## What if I need more Data or an increased Personal Hotspot allowance?

If you find yourself needing more data or an increased personal hotspot allowance for the remainder of your current bill cycle, you can add one of the following Short-Term Add-ons to suit your needs:

You will need to dial the prefix 388, then 00 before the country code, in order to convert these units into minutes. This Add-on cannot be used while roaming abroad and cannot be used in conjunction with Feel At Home in Feel At Home destinations. Please be aware that your first month's Add-on charge and allowance (where applicable) may be pro-rated.	£15.32

Add-on name	Description of Add-on	Daily price
<b>Euro Internet Pass</b>	Enjoy the freedom to browse, tweet, update, upload and search in the EU with All-you-can-eat data with our Euro Internet Pass, for just £5 a day. It's valid from the time you buy it until midnight (UK time). These can be used in Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Poland, Portugal (incl. Azores & Madeira), Romania, Slovakia, Slovenia, Spain (incl. Balearic & Canary Islands), Sweden, Vatican City, Monaco. This pass doesn't allow you to use your phone as a modem (tethering), and streaming video and audio content may not be as good as it is on our UK network. <b>Note:</b> If you need to use the Internet as soon as you arrive, type this link into your mobile browser just before you travel – <a href="http://mobile.three.co.uk/europass">http://mobile.three.co.uk/europass</a> . Follow the simple instructions, make your purchase, and off you go. Three reserves the right to withdraw or modify the Euro Internet Pass at any time. Our range of Personal Hotspot Add-ons, which allow UK tethering, can't be used when your pass is active.	£5.00

No Add-on allowance can be rolled over to the next month. Three reserves the right to suspend, modify or withdraw Add-ons without notice, at any time. Each of these 'other' Add-ons has a one month minimum term when purchased, except for the Euro Internet Pass which is daily.

# What about charges to Special Numbers or Directory Services?

Certain kinds of calls within the UK fall outside the main price levels and are not included in your monthly allowance of inclusive voice units.

Charges for these calls are shown in the following tables. Don't forget, as part of UK Calling ([www.ukcalling.info](http://www.ukcalling.info)), the cost of calls to service numbers – those starting 084, 087, 09 and 118 – changed from 1 July 2015. You'll now be charged an Access Charge by us of 45p a minute (with a 1 minute minimum charge) plus a Service Charge, which is set by the company you're calling. To check the cost of a particular number, please go to [three.co.uk/nts](http://three.co.uk/nts). Calls to 0800 and 0808 numbers are free for everyone to call.

# How much does it cost for Directory Services?

There are now a host of directory enquiry services available, all of which have different phone numbers and different charges. These calls do not come out of any allowance of voice units and you'll be charged the rates below to call them. The table here does not show the full list of directory services available (as this is changing frequently) – to check a specific number go to [www.Three.co.uk/nts](http://www.Three.co.uk/nts)

	Price from 1 July 2015
National 118333 – multi-search	45p a minute Access Charge (1 minute minimum charge) + £1.50 to connect + (after the first minute) a Service Charge of £1.50 per minute.
International 118313 – multi-search	45p a minute Access Charge (1 minute minimum charge) + £4.45 to connect + (after the first minute) a Service Charge of £2.57 per minute.
Directory services for people with disabilities – 195 – multi-search	<b>Free to call 195 for Three's registered users.</b> If the 195 operator then connects you to a number you've searched for, your call will be charged at the standard rate for your price plan or will come out of any available allowance you have. Free text message with the number(s) you've requested

## International Roaming

Using your phone abroad (also known as 'international roaming') is automatically available to you with a new Pay Monthly package. If you have upgraded from one of our older packages, and have never used your phone abroad, you may need to call Customer Services to activate this service. If you're looking for the cost to use your phone within the UK to call or message an international number, see page 12.

The good news is that international roaming is not subject to additional charges if you're using your phone to contact a UK number (starting 01, 02, 03 or a standard UK mobile) from a Feel At Home destination (see page 8). However in countries not covered by Feel At Home, additional costs will be incurred. How much these are depends on where you are, and where the person you're contacting is.

To see the **roaming rates you'll be charged for calls and texts**, you'll need to know (1) the Band that the country you're in is in, and (2) which Band the country you're trying to contact falls within. Check the table below to find out:

Feel At Home Band 1	Feel At Home Band 2	Band 0 (EU and selected other countries)	Band 0A (EU and selected other countries – non-VAT)	Band 1	Band 2	Band 3	Band 4
Austria Denmark Finland France Italy Spain Sweden Ireland	Australia Hong Kong Indonesia Israel Macau New Zealand Norway Sri Lanka USA (United States of America) Switzerland	Belgium Bulgaria Croatia Cyprus Czech Republic Estonia Germany Greece Hungary Isle of Man Latvia Lithuania Luxembourg Malta Monaco Netherlands Poland Portugal Romania Slovakia Slovenia	French Guiana Gibraltar Guadeloupe Guernsey Iceland Jersey Liechtenstein Martinique Réunion San Marino	Andorra Bosnia and Herzegovina Canada North Cyprus Macedonia Montenegro South Africa Turkey	Rest of the world (that is not within Feel At Home Bands 1 and 2 or Bands 0, 0A, 1, 3 or 4).  If you can't see the country you're looking for and want to double check if it falls within Band 2, go to <b>Three.co.uk/roaming</b> to see if you can use your Three device there.	Cape Verde Cuba Ethiopia Georgia Kuwait Malaysia Maldives Morocco Oman Russia Tunisia Turkmenistan Ukraine United Arab Emirates Uzbekistan	Ships Ferries Airplane and Maritime Networks

See page 10 for international data roaming bands and charges.

To help you manage your roaming costs when you're travelling, we'll text you information about call charges and roaming rates for each country you visit. We've also set up a **worldwide data roaming limit of £36 per month** to stop you spending too much. If you'd prefer, you can have this limit removed by contacting Three Customer Services. If you need to contact Three Customer Services while abroad, call +44 7782 333 333 (this call will be charged at your standard roaming rate). Calls made from abroad to your voicemail will also be charged at standard roaming rates. Go to **Three.co.uk/roaming** for more information.

Did you know:

- Calls made when you're in a non-EU country are normally charged per minute
- Calls received when you're in a non-EU country normally have a one-minute minimum charge and are then charged by the second
- When you're roaming in the EU, the minimum charge for a call is for 30 seconds, after which calls are charged by the second
- Calls received in the EU are charged by the second with no minimum initial charges – unless you're in a EU-Feel At Home destination in which case it's free to receive a call.

# Use your device abroad at no extra cost with Feel At Home.

Because your allowance of voice, text and data units can be used in the UK and in specified Feel At Home destinations, you can call and text back to the UK and get online without paying a penny more. No worries. Where and when you use your allowance is up to you.

It's also free to receive calls, texts, photo messages and video messages when in a Feel At Home destination.

As a reminder, Feel At Home can be used in the following destinations (we've split these into two bands, based on whether they're within the EU or not as this will affect some out-of-allowance charges):

Feel At Home Band 1	Feel At Home Band 2
Austria, Denmark, Finland, France, Italy, Republic of Ireland, Spain (including Canary Islands & Balearic Islands) and Sweden	Australia, Hong Kong, Indonesia, Israel, Macau, New Zealand, Norway, Sri Lanka, Switzerland, and USA.

## Out of allowance charges when in a Feel At Home destination

If you use up all of your plan's allowances when in a Feel At Home destination, you'll be charged for additional use at the below 'out of allowance' rates:

	Where are you calling or messaging?			
	Back to the UK & to selected European countries*	To any other country	Cost to Receive	
Where are you calling, texting or getting online?	<b>Call charges (per minute)</b>			
	Feel At Home Band 1	4.3p	£1.40	Free
	Feel At Home Band 2	3.6p	£1.40	Free
	<b>SMS charges (per message)</b>			
	Feel At Home Band 1	1.8p	1.8p	Free
	Feel At Home Band 2	1.5p	1.5p	Free
	<b>Internet data (per MB)</b>			
	Feel At Home Band 1	4.3p		N/A
Feel At Home Band 2	3.6p		N/A	

\* The selected European countries are: Austria, Belgium, Bulgaria, Croatia, Republic of Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland and the UK.

**Photo messages, video messages and video calls don't form part of your allowance; therefore the following charges will apply when in a Feel At Home destination (regardless of which country you are calling or messaging):**

	Cost to make call / send message	Received
Photo message (per message)	17.4p	Free
Video message (per message)	17.4p	Free
Video call (per minute)	Up to £2.04 (to any number)	Up to £1.53

Prices quoted above include VAT, where applicable.

Calls, texts and data used outside of the EU are not subject to VAT, except Monaco and Isle of Man.

Check [Three.co.uk/feelathome](http://Three.co.uk/feelathome) for more information and the latest on which destinations are included.

## Is there any other information about Feel At Home that I should know?

- All of our packages include a set of allowances, made up of a specified number of units. You can use a portion of these allowances in our Feel At Home destinations each month. For example, with All-you-can-eat data, you can use up to 12GB each month to get online; with All-you-can-eat texts you can send up to 5,000 SMS texts back to the UK each month from a Feel At Home destination; and if you have 3000 or more minutes included in your allowance you can talk for up to 3,000 minutes on calls back to the UK each month. If you exceed your 12GB monthly data allowance, your data usage may be blocked in our Feel At Home destinations until your next billing period. If you exceed any of these allowances for any 2 months within a rolling 12-month period we have the right to suspend international roaming on your account, meaning you will no longer be able to use your device or allowance abroad. Of course, we will let you know in advance if this is likely to happen.

- You cannot use your phone as a personal hotspot in a Feel At Home destination.
- You can stream and connect to VPNs, but you will find this is slower and the quality will not be as good as in the UK. If you're connecting more than one device via a mobile Wi-Fi device, your streaming experience will be poor. We don't recommend streaming TV programmes and films from a Feel At Home destination.
- We restrict the use of your data allowance for file-sharing (like peer to peer download services) or using certain sites to download or share large files.
- Feel At Home is intended for our UK customers who are visiting one of the destinations for short periods, like holidays or business trips. It isn't designed for people who live abroad or stay for extended periods. If you roam exclusively in a Feel At Home destination for any 2 complete months in a rolling 12-month period, we may suspend international roaming on your account, meaning you will no longer be able to use your phone or device abroad. Of course, we will let you know in advance if this is likely to happen. If you spend a full month abroad but some of that time is spent in a destination that isn't included in Feel At Home, the restriction won't apply.
- Three reserves the right to suspend this service if we reasonably believe that you are using VPN to access illegal or improper content or in contravention of our use requirements set out in our Terms and Conditions of use for Three Services. We reserve the right to extend, withdraw or modify the terms of Feel At Home and/or the destinations of service included at any time. See [Three.co.uk/feelathomeinformation](https://www.three.co.uk/feelathomeinformation) for full details on how this service works and additional details that may be of interest.

If you're in the UK and want to call or text local numbers in Feel At Home destinations, these are charged as follows:

Where are you calling or messaging?	Call cost (per minute)	Cost (per message)
UK to Indonesia, Israel, Macau and Sri Lanka	£1.02	25.2p
UK to Australia, Hong Kong, New Zealand and the USA	56.2p	25.2p
UK to Austria, Denmark, Finland, France, Italy, Norway, Spain, Sweden, Switzerland and Republic of Ireland	46p	25.2p

## What about destinations not covered by Feel At Home – how much will it cost to use my device there?

It's important to remember that the allowances included in your Pay Monthly package are for units convertible into calls and texts to standard UK numbers, not international numbers. Our international charges for calling or texting vary depending on (1) where you are and (2) where the person you are calling or texting are located. The relevant international costs to call or text outside of our Feel At Home destinations are listed below.

The cost of data use abroad (when not in a Feel At Home destination) is set out on page 11 (please note, the 'Bands' are different for data use).

To see the roaming rates you'll be charged when in a specific country, use the table on page 7 to identify the band that the country you're going to falls within, and if you are contacting someone in a different country (on an international number), check which band that destination falls into. Then check the tables below.

### Making and receiving calls when abroad

Where are you calling from?	Where are you calling?		
	Back to the UK & within the same Band (per minute)	Anywhere else in the world (per minute)	How much will it cost to receive a call in these Bands? (per minute)
Band 0	4.3p	£1.40	1p
Band 0A	3.6p	£1.40	0.8p
Band 1	£1.40	£1.40	99p
Band 2	£2.00	£2.00	£1.25
Band 3	£3.00	£3.00	£1.25
Band 4	£3.00	£3.00	£1.25

Note: The above table does not include out of allowance roaming charges for Feel At Home destinations – please see page 8 for these.

### Sending and receiving texts while abroad

Where are you texting from?	Cost to send (per message) to anywhere in the world	Cost to receive a text (per message)
Band 0	1.8p	Free
Band 0A	1.5p	
Band 1	35p	
Band 2	35p	
Band 3	35p (except if you're in Russia, Cuba & Tunisia, in which case it will cost 50p)	
Band 4	50p	

## Internet and data usage abroad.

When you roam onto other international networks where data roaming is available, the charges below will apply (except if you're in a Feel At Home destination – see page 8 for more information).

The speed and availability of internet access when abroad will depend on a number of factors, including which network you are roaming on and the services they have available – for example, 4G networks may not be available, in which case you may only be able to enjoy 3G speeds. Other factors which may affect the speeds that you'll experience include your distance from the nearest mast, your location in a building, local geography, and the type of device you're using. Certain services such as audio and/or video streaming may be slower as a result than in the UK. For the latest information on which countries you can roam in, and on which networks, visit [Three.co.uk/roaming](http://Three.co.uk/roaming)

Band	Countries	Cost per MB
<b>Data Band 1</b> (EU & selected European countries)	Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Estonia, Germany, Greece, Hungary, Isle of Man, Latvia, Lithuania, Luxembourg, Malta, Monaco, Netherlands, Poland, Portugal (incl. The Azores, Madeira), Romania, Slovakia, Slovenia.	4.3p
<b>Data Band 1a</b> (EU & selected European countries Non VAT)	French Guiana, Gibraltar, Guadeloupe, Iceland, Liechtenstein, Martinique, Réunion, San Marino, French West Indies, Jersey, Guernsey.	3.6p
<b>Data Band 2</b>	Benin, Botswana, Cyprus (North), India, Ivory Coast, Japan, Panama, Philippines, Puerto Rico, South Africa, Taiwan, Thailand, Turkey, Yemen.	£3
<b>Data Band 3</b>	Rest of the World excluding Feel At Home destinations – see page 8. Maritime Networks (Ships, Ferries, Cruise Liners), Airlines.	£6

Data charges are for data sent and received and are calculated to the nearest kilobyte.  
VAT does not apply to data used in countries outside the EU except Monaco and Isle of Man.

# Calling and texting abroad from the UK

Your inclusive allowances can't be used to make calls or send messages to international numbers. If you're calling abroad, the cost will depend on which band the number you are calling fall within (see table on page 7). If you're receiving a call from an international number, when in the UK, you won't be charged to receive that call.

## Voice calls made from the UK to an international destination

Where are you calling?	Cost (per minute)
Feel At Home Band 1 or 2	See page 9
Band 0	46p
Band 0A	46p
Band 1	56p (except calls to South Africa, which cost £1.02 per minute)
Band 2	£1.02
Band 3	£1.02
Band 4	Charges vary by country code dialed and/or network (e.g. £7.66 per minute for satellite services with 0087 / 0088 prefix)

If you're sending messages (or making video calls) from the UK to an international number, the cost is the same regardless of where you're messaging or calling:

Charges from the UK to any country	Cost to send (per message) or make a video call (per minute)	Cost to receive
SMS	25.2p	Free
Photo Message	17.4p	Free
Video Message	17.4p	Free
Video Call	£1.50	Free

## What do you charge for other services?

What we charge you for a whole range of other activities.

Charges for other services	Price
Text delivery report	1.2p per request
Additional copy of invoice	£5.11 per copy
Fully itemised paper bill	£1.50

All	Memory Card	2GB Micro SD card	£10.00
All	Memory Card	4GB Micro SD card	£15.00
All	Memory Card	8GB Micro SD card	£20.00

### Please note

If you return your device used or damaged under our returns policy we will charge you a fee based on the particular make and model, this could be as high as £234.

### Charges for exchanging your device

If for some reason you don't like your device and wish to swap it for a different one under our returns policy, there will be a charge of £12.99.

# Key things to note.

We've set out some of the questions that we often get asked, and their answers below. We've also explained in more detail about your package, and what we mean by 'All-you-can-eat' as an allowance.

## What do you mean by 'Inclusive allowances'?

As part of your Pay Monthly package you get a monthly allowance of voice units, text units and data units to convert into voice calls (to standard UK landlines starting 01, 02, 03, and UK mobiles, whether made in the UK or in a Feel At Home destination), text messages (whether sent in the UK or a Feel At Home destination) or data use (whether used within the UK or a Feel At Home destination). It's worth remembering that if you don't use up your allowance in that month, you lose the unused portion, as it doesn't roll over to the next month.

## What is a 'Message'?

Each text / photo / video message can accommodate 160 characters. Some handsets allow for more. Any text/photo/video message you send greater than 160 characters will be divided and sent in numerous messages (depending upon length). Each such message will consume one text unit comprised in your monthly allowance or charged at standard rates, depending on the type of message and / or whether or not your monthly allowance of units has all been consumed. When you send messages to several recipients at the same time you will be treated for the purposes of conversion of your text units and / or charging as sending a message separately to each recipient.

If you include an emoji (such as one of the smiley faces preloaded onto your handset's keyboard) in your message, this is 'coded' differently and will use a number of your 160 characters, reducing the length of your message, or possibly resulting in your message being divided and sent in numerous messages. If you download emoticons (these are like emojis but are normally downloaded from an external source, such as an app store or website) and insert these into your message, depending on the coding used, may result in your text message being turned into a picture (or MMS) message – these are not included in your inclusive text allowance and are charged at the rates set out in this Price Guide. Depending on your device, it will normally tell you if it is turning your message into a picture message.

## International messaging

Messages sent from the UK to international destinations, messages sent and received whilst abroad (unless in a Feel At Home destination), photo and video messages and alerts received as part of Three's Alerts services are excluded from any monthly and / or Add-on allowances for messages.

Your international messaging function is subject to services arrangements with respective networks abroad.

## Can I use my SIM card in anything other than the device for which it was purchased for use within?

No – you can only use your voice SIM in the device for which it was sold to you for use within - for example, if your package includes a mobile phone, it should not be used other devices (e.g. a dongle, mobile "Wi-Fi" device, laptop or tablet). If your package includes a i.am+ dial or other wearable device, your SIM is for use in that device only.

## Can I use my data allowance as a personal hotspot?

Yes – with these packages we're happy for you to use your package allowance of data units as a personal hotspot (also known as tethering) within the UK, up to the limits set out here. This means you can connect your phone to other devices via USB or wirelessly to connect to the internet. If you have a Personal Hotspot allowance or Add-on, this will not work in a Feel At Home destination.

You can use all of your data allowance as a personal hotspot within the UK, unless you have an All-you-can-eat data allowance, in which case you can use of portion of that as a personal hotspot each month. How much you can use depends on when your contract started:

Contract start date	Amount of your All-you-can-eat data allowance that can be used as a personal hotspot each month
18 March 2014 – 28 April 2015	2GB
29 April 2015 – 2 July 2015	4GB
3 July 2015 – 6 September 2015	8,192 (converts on use to 8GB)
7 September 2015 - 30 March 2016	12,288 (converts on use to 12GB)
31 March 2016 onwards	30,720 (converts on use to 30GB)

## What will I have to pay if I want to cancel my contract?

If you ask to cancel your package before the end of your Minimum Term, you'll be asked to pay a **Cancellation Fee** (see 'What do you charge for other services' on page 11). If you are outside of your Minimum Term and want to cancel your contract, there is no cancellation fee to pay. For more information call Three Customer Services.

## Can I set up a Call Return?

You can return a call directly to someone who has left you a message by simply keying # at the end of their message. This is called Call Return (returning a call directly from the voicemail service). When using Call Return, calls are charged at your standard price plan rates or from any inclusive allocation, as though you had made the call directly. Call returns will be shown separately on your bill. Call return from voicemail may not be made to certain numbers such as international and premium rate numbers.

Any call-barring restrictions you have will also apply. You can only return one call directly from the voicemail service. As soon as you finish the call you will be disconnected and will have to redial into voicemail if you wish to continue listening to your voicemail. If you divert your incoming calls to another number, we'll charge you for each redirected call. The cost of the redirected call depends on the type of number.

## About your package

### What does my package include, other than a phone?

- Your package includes allowances of voice, text and data units which can be used in the UK or Feel At Home destinations. Your units convert into minutes, texts and data (where and when you decide to use them is up to you), with each voice unit converting one minute of a phone call; each text unit to one text sent; and each data unit to a specified amount of data of 1 MB. You can only use your units as specified – for example, if you purchase the Add-Landlines Add-on, this comprises of voice units which can only be used to call UK landlines starting 01, 02 or 03.
- There is no rollover of any unused monthly allowance of units or Add-on allowance to the next month.
- After your monthly allowance (of whatever type of units) is used up, prices for use outside of your allowance for additional calls or messages are shown on page 2.
- If your inclusive allowance (of whatever type of units) runs out during a call, we will charge you for the remainder of the call at the charges published in this guide under the relevant section.

### How can I use my data units?

- The inclusive data units in your package or Add-on can be used to connect to the internet on your phone whether in the UK or a Feel At Home destination.
- You can also use your data units to set up a personal hotspot if you want to connect more than one device to the internet at once, when in the UK. You can use any or all of your allowance for this purpose, except if you have All-you-can-eat data, in which case (depending on when your contract started) you can use up to the following number of data units each month to create a data hotspot:

Contract start date	Data units
14 March 2014 – 28 April 2015	2,048 (converts on use to 2 GB)
29 April 2015 – 2 July 2015	4,096 (converts on use to 4 GB)
3 July 2015 – 6 September 2015	8,192 (converts on use to 8 GB)
7 September 2015 - 30 March 2016	12,288 (converts on use into 12GB)
31 March 2016 onwards	30,720 (converts on use to 30GB)

### How can I use my voice units?

- Inclusive voice units in any packages or Add-ons are for voice calls made either from the UK or while in a Feel At Home destination to any other standard UK mobile (beginning 07 but excluding certain numbers – see page 5 for details) landlines (beginning 01, 02 and 03) and voicemail (retrieved by calling 123 from your mobile in the UK).

### How can I use my text units?

- Inclusive text units are for texts either sent in the UK or sent while in a Feel At Home destination to a UK standard mobile (beginning 07 but excluding certain numbers – see page 5 for details).
- Text units within a monthly allowance cannot be converted into: text messages sent from the UK or a Feel At Home country to destinations outside the UK; messages sent whilst abroad in a non-Feel At Home destination; text messages received abroad; photo and or video messages; or alerts received as part of Three's Alerts services. These services are also excluded from any Add-on allowances for messages.

## What can't I use my allowances for?

- International calls and messages; calls and messages made and received while abroad; premium rate calls and messages; reverse charge messages; message alert services; and directory service calls; calls to 0500 numbers that are not on the Telephone Helplines Associations list, calls to service numbers (084, 087, 09, 118) and special numbers (e.g. 070) are excluded from any monthly Add-on allowances, except if you are in a Feel At Home destination (and this has been explicitly stated within the relevant section of this Price Guide).

## What do you mean by All-you-can-eat?

### All-you-can-eat data.

If you have All-you-can-eat data units as part of your package or with an Add-on, there are no hidden 'fair use policies' within the UK. If you're in a Feel At Home destination, you can use up to 12,288 data units (which converts into 12GB of data) each month.

All-you-can-eat data units should give you all the access to the Internet you would normally need,

without worrying about hefty bills.

It's worth noting that even if you used your phone for every minute of every day you'd only use, subject to TrafficSense™, around 1,000GB each month. That's why we've set a usage cap at 1,000GB, in order to identify commercial use of the service, for example, which is not permitted under the Terms for Three Services.

### All-you-can-eat texts and All-you-can-eat minutes

There's no hidden 'fair use policies' with our All-you-can-eat text or voice unit allowances either – we just ask that you use this allowance in accordance with our Terms for Three Services – this is, for personal use only, and not for any illegal, commercial or improper purposes.

## Do you breakdown the cost of the units that I get as part of my package anywhere?

Yes – to help you understand the value you're getting from your package, you'll see a breakdown of the exact cost of the units included within your package's allowances on page 2 of your monthly bill in the 'Answering your questions' section titled 'About your allowance's unit costs'. The number of units each package is comprised of is also set out on page 1 of this Price Guide.

 1 data unit – 1 MB of data 

 1 voice unit – 1 minute of a call 

 1 text unit – 1 SMS text message 

For example, the unit costs for the 2GB Data 600 Minute Plan is as follows: 3.070p per minute, 0.0074p per text and 0.0050p per megabyte. These aren't charges for going over your allowance: these units are included in your plan. They also don't include: any one-off reductions; discounts; or any Add-on allowances.

We have set out below the unit costs for Add-ons.

## Add-on unit costs

Add-on	Unit cost (pence)
<b>Short term Add-ons</b>	
Add 250MB data	1.00
Add 500MB data	1.00
Add 1GB data	0.49
Add 2GB	0.24
Add 4GB	0.12
Add 18GB	0.03
Add All-you-can-eat data	0.02
<b>Long term Add-ons</b>	
Add 500MB data	0.60
Add 1GB data	0.29
Add All-you-can-eat data	0.01
Add 1GB Personal Hotspot	0.49
Add 3GB Personal Hotspot	0.28
Add 6GB Personal Hotspot	0.13
Add 50 minutes	6.00
Add 200 minutes	1.50
Add 300 minutes	1.00
Add All-you-can-eat minutes	0.10
Add Landlines	0.51
Add Landline 1000	0.50

## Is there anything else I should note?

### Preferred payment method

New customers can only join pay monthly plans on direct debit and our plans' prices include a discount for paying by this efficient means. Direct debit is brilliant for you as payment will be taken automatically and your account will not be suspended if you forget to pay. It is also the most efficient method for us. You should maintain your direct debit whilst you stay as a pay monthly customer. You can change your bank details at any time, just let us know.

We cannot prevent you from cancelling your direct debit, and if you do, you are still required to pay your bills by the due date. We will retain your discount if you give us any of the following given means of payment provided that you simply allow us to store your selected payment method so that we can charge you on your billing date each month. Don't worry, you can swap these details at any time and on multiple occasions. If you do not permit us to store payment details you will lose the reoccurring payment discount.

You can choose any of the following given means of payments. Simply allow us to store details and you will remain eligible for the £5 monthly recurring discount.

### Charging/billing

All calls made by pay monthly customers, (except calls to short code, premium rate numbers and EU roaming calls) are treated as a minimum of one minute. Calls of more than one minute are treated as lasting for their actual duration, with fractions of a second being rounded to the nearest second. (This does not apply to some international roaming calls, calls to Directory Service and Special Calls.) This applies whether voice units are being converted into voice minutes or whether calls are being billed separately.

Calls to Service Numbers (starting 084, 087, 09 and 118) are charged differently. The Access Charge element of these calls, will be treated as a minimum of one minute. If your call lasts less than one minute, your Access Charge will be rounded up to a duration of one minute. For calls of more than one minute, the Access Charge element is treated as lasting for its actual duration, with fractions of a second being rounded to nearest second. The Service Charge element is set by the company you're calling, and may comprise (1) a price per minute Service Charge; (2) a price per call Service Charge; (3) a price per call Service Charge plus a price per minute Service Charge (which runs from the start of your call); and (4) a price per call Service Charge plus a price per minute Service Charge (which runs from 60 seconds after the call starts). If the Service Charge includes a price per minute Service Charge, this will be treated as lasting its actual duration (except if the first 60 seconds have been excluded), with fractions of a second being rounded to the nearest second.

For example, if you make a call to a service number, where the Service Charge is 10p per minute, which is simply charged at a price per minute rate, and your call lasts 30 seconds, you'll be charged a total of 50p for this call, as the Access Charge element will be rounded up to a duration of one minute at 45p plus 5p for the 30 seconds of call time for the Service Charge element.

Each individual charge on your bill is shown with VAT included (where relevant), and is rounded up or down to the nearest tenth of a penny to make it easier to read. This rounding process means that the charges you see on your bill may not always be identical to the 'Total due by' charge you see on the front page of your bill. Don't worry, this is normal and you're not being overcharged or undercharged. The actual amount you need to pay is the one shown on your bill's front page, next to 'Total due by'.

**To request a VAT invoice:** customers can request a VAT invoice by calling 333 free from a Three phone, or 0333 300 3333 from any other phone (standard call rate applies) and select the Billing option. Three will only issue a tax invoice where it is obliged to do so following a few simple verification checks.

**First Month Pro-Rated.** Your first month's allowance and charge for your price plan or Add-on will depend on when in the month you join Three or when you decide to select your Add-on. Whenever that is, you can start using your allowance for your price plan or Add-on straight away. We'll work out an appropriate allowance and charge to take you to the end of the first month. After that, you simply pay the standard monthly line rental or Add-on charge for a full month's allowance.
