About this Price Guide

This Price Guide defines the prices of our Pay As You Go services, details of which can be found at three.co.uk/paygSIM.

This Price Guide is effective from the date of publication. In the event of a difference between this Price Guide and the information published elsewhere, other than the customer terms, this Price Guide will take precedence.

Our customer terms may be found online at three.co.uk/paygSIM.

All prices in this Price Guide Prices include VAT, where applicable.

How to contact us

You can contact Three Customer Services by Live chat (available 24 hours each day), through either our website or our Three UK app.

If you would like a copy of this Price Guide in an alternative format (eg Braille or large print) please contact Three Customer Services or call our Accessibility Services team on 0333 338 1012 between 9am and 6.30pm Monday to Friday.

For more information on Three's accessibility services please see three.co.uk/accessibility.

Using your phone

To use your phone you can either top up with credit and pay for your usage with our standard rates, or you can buy a Pack.

Standard rates

Our standard rates for voice calls, texts, data and MMS in the UK are as follows:

	Charge
Voice calls to standard UK landlines (starting 01, 02, 03), UK mobiles (any network) and your Three voicemail	10p/ minute
Texts (excluding SMS shortcodes)	10p/ text
Data	5p/ MB
MMS	40p/ message

If within a 180 days you have not made any chargeable events or activities (for example, made telephone calls, sent text or photo messages, accessed content using the internet or any other Three Services for which a charge is made), we may also suspend our Services or disconnect you.

How we charge for Standard rates

- Call durations are rounded up to the nearest minute and are charged per minute.
- Charges for individual voice calls are rounded to the nearest tenth of a penny.
- We charge for data sent and received. Amounts are calculated to the nearest kilobyte (kB).
- Charges are taken from your Pay As You Go credit or from any allowance you have.
- Each text message can accommodate up to 160 characters. Long messages will be sent across numerous text messages and these will be charged separately.
- Where a message contains non-standard characters (such as emojis), the message may be sent as an MMS. Separate charges apply for MMS.
- When you send messages to several recipients at the same time you will be charged separately for each recipient.
- Call Return calls (when you return a call directly to someone who has left a voicemail message, by keying # at the end of the message) are charged at your standard rates as if you had made the call directly. Any call-barring restrictions you have will also apply.
- You can only return one call directly from the voicemail service. As soon as you finish the call you will be disconnected and will have to redial into voicemail if you wish to continue listening to your voicemail.
- If you divert your incoming calls to another number, we'll charge you for each redirected call. The cost of the redirected call depends on the type of number you're calling.
- We may end any calls that you make that are longer than 2 hours' duration, in order to prevent you from incurring excessive, inadvertent costs. If this does happen, and you wish to continue your call, please redial.

For details of how we charge for special charges, calls to directory enquiries, when making international calls and sending texts from the UK, and for using your phone abroad, refer to the appropriate section in this guide.

Top-up amounts

Top-up credit is available in the following amounts:

£5 £10 £15 £20 £25 £27.50
£30 £35 £40 £50 £60 £90

Data Packs and Add-ons

Our Data Packs give you an allowance of data, plus voice minutes and texts and offer greater value for money. If you've used all the data allowance in your Pack, you can buy a Data Add-on.

Data Packs

Name	Duration	Price	Data	Mins/texts
10GB Data Pack	1 month	£10	10GB	Unlimited
20GB Data Pack	1 month	£15	20GB	
40GB Data Pack	1 month	£20	40GB	
Unlimited Data Pack	1 month	£30	Unlimited	

1 month Data Packs start on activation and last for one calendar month. Data Packs can be used in the UK to create personal hotspots. For details of how Data Packs can be used when roaming abroad, see "Using your phone abroad".

Data Add-ons

If you've used all the data allowance in your Pack, you can buy a Data Add-on.

Name	Duration	Price	Data	Mins/texts
1 Day Unlimited Data Add-on	1 day	£5	Unlimited	Unlimited
1GB Data Add-on	1 month	£5	1GB	
3GB Data Add-on	1 month	£7	3GB	
6GB Data Add-on	1 month	£8	6GB	

1 day Add-ons start on activation and last for 24 hours. 1 month Add-ons start on activation and last for one calendar month. A Data Add-on can only be applied when a Data Pack is active.

How we charge for Data Packs and Add-ons

- Unlimited data with a Data Pack or Data Add-on means you have unlimited data. There are no hidden “fair use policies” within the UK. See “Using your phone abroad” for details of what this means when abroad.
- Data will always be consumed from a Data Add-on (if you have one), or Data Pack before any available credit is used.
- Each text message can accommodate up to 160 characters. Long messages will be sent across numerous text messages and these will be deducted from any allowance or charged separately.
- Where a message contains non-standard characters (such as emojis), the message may be sent as an MMS. Separate charges apply for MMS.
- When you send messages to several recipients at the same time you will be charged separately for each recipient.
- Call Return calls (when you return a call directly to someone who has left a voicemail message, by keying # at the end of the message) are charged at your standard rates or deducted from any Add-on allowance, as if you had made the call directly. Any call-barring restrictions you have will also apply.
- You can only return one call directly from the voicemail service. As soon as you finish the call you will be disconnected and will have to redial into voicemail if you wish to continue listening to your voicemail.
- If you divert your incoming calls to another number, we'll charge you for each redirected call. The cost of the redirected call depends on the type of number you're calling.
- We may end any calls that you make that are longer than 2 hours' duration, in order to prevent you from incurring excessive, inadvertent costs. If this does happen, and you wish to continue your call, please redial.
- One calendar month is the length of time from a date in any month to the same date in the following month. When activation occurs on the last day of the month, and the following month has fewer days, the Pack/ Add-on lasts until the last day of that month.

- A 1-month Pack/ Add-on activated at 3.30pm on 10 January will last until 3.29pm on 10 February.
- A 1-month Pack/ Add-on activated at 3.30pm on 30 or 31 January will last until 3.29pm on 28 February (29 February in a leap year).

Data Packs and Add-ons cannot be used for the following purposes:

- International calls and messages from the UK
- Premium rate calls and messages (including text shortcode messages)
- Reverse charges
- Message alert services
- Directory services calls
- Non-geographic numbers (starting 087, 084) and special numbers (090, 070)

If you purchase a Pack or Add-on while out of allowance, your current call or data session will continue to consume cash credit for a limited period before the newly purchased Pack or Add-on takes effect:

- Data: A maximum of 5MB or 10 minutes, whichever happens first.
- Voice: A maximum of 5 minutes or the end of the current call, whichever happens first.

We will let you know when the Pack or Add-on has been applied, but you can also check this on the Three UK App.

Special calls and charges

Some calls and other services within the UK fall outside our standard rates and aren't included in any allowances you may have. They're shown below.

If you'd like to know about specific numbers and to check the specific price of any call, please go to three.co.uk/specialcall

Number/ prefix Price	Price
0800 and 0808 number	Free
UK calls to Three Customer Services (333) and Pay As You Go top up/ balance enquiry (444, 555)	Free
999	Free
112	Free
NHS 111	Free
101 single non-emergency	15p/ call
105 National power emergency	Free
05 corporate numbers and IP phones, 082	10.2p to 15.3p/ minute
084/ 087	45p/ minute Access charge*

* The Service charge is set by the company you're calling (they'll tell you this).

The total cost of the call is the Access Charge plus the Service Charge. See how we charge (below).

* Both charges apply from the start of the call.

Premium rate (090, 091, 098) –
Bands A, B, C, D, E

Charges vary*

** Visit three.co.uk/nts to check the cost of calls to a specific number.

The total cost of the call is the Access charge plus the Service Charge. (See how we charge below.)

Text relay calls to emergency numbers using 18000 or 18001 999 or 18001 112

Free

Text relay calls to non-emergency numbers using 18000 or 18001 999 or 18001 101

Free

Text relay calls using 18001 to UK standard landlines (starting 01, 02, 03) and UK mobiles (starting 077, 078 or 079)

These will come out of any available allowance of voice minutes or, if credit is being used, will be charged at a discounted rate of no less than 25%

Text relay calls to international numbers 18001

A 25% discount will using be applied to the standard rates set out on page 17.

Corporate numbers

10.2p/ minute

How we charge for these special calls and charges

For calls to numbers starting 084, 087, 09:

- The Access Charge has a one minute minimum charge.
- Call durations are rounded up to the nearest minute and are charged per minute

Charges are not included in any allowance you may have and are taken from your Pay As You Go credit.

Calls to Directory enquiries

There are many different directory enquiry services and the table below does not reflect the full list of available services. Call charges for other directory services can be found online at three.co.uk/nts

Number/ prefix	Price
National 118333 multi-search	45p/ minute Access charge.
The total cost of the call is the Access charge plus the Service Charge plus the connection charge. See how we charge (below).	10p/ minute (after the first minute) Service charge (set by the company you're calling). £3.60 to connect.
International 118313 multi-search	45p/ minute Access charge.
The total cost of the call is the Access charge plus the Service Charge plus the connection charge. See how we charge (below).	10p/ minute (after the first minute) Service charge (set by the company you're calling). £3.60 to connect
Directory services for people with disabilities 195 multi-search.	Free to call 195 for Three's registered users.

If the 195 operator then connects you to a number you've searched for, your call will be charged at the standard rate for your price plan, or will come out of any available allowance you have.

Free text message with the number(s) you've requested.

How we charge for for calls to Directory enquiries

For calls to Directory enquiries numbers:

- The Access Charge has a one minute minimum charge.
- Call durations are rounded up to the nearest minute and are charged per second.

Call charges for other directory services can be found online at three.co.uk/nts

Charges are not included in any allowance you may have and are taken from your Pay As You Go credit.

Other services

Service	Price
Text delivery report	1.2p/ request
Change of phone number	£10.21
SMS short codes*	SMS Short codes are classed as a Premium Rate Service. The cost varies, depending on the promoter's terms and conditions, which should always be checked to find out the exact cost, as this will vary with the promoter and service.

* Mobile text Short codes are 5 or 6 digits long and usually begin with a 6, 7 or 8. These are often used to pay for new features in apps, to donate to charity, to enter competitions and to download games and ringtones.

International calls and messages from the UK

If you're using your device to call or send messages to an international number from the UK, the cost will depend on which country you're contacting. You won't be charged to receive a call from an international number when in the UK.

The band for each destination is listed in the table on pages 16 to 18.

Band	Voice Call (per minute)	SMS (per text)	MMS (per message)
1	3p	6.2p	40p
2	19.9p	25.2p	40p
3	£1.50		

How we charge for international calls and messages from the UK

- Call durations are rounded up to the nearest minute and are charged per minute.
- International calls and messages from the UK are not included in any allowance you may have, and charges are taken from your Pay As You Go credit.

Using your phone abroad

When you use your phone abroad to call, text and get online, charges depend on the country you are in and the country you are contacting.

Go Roam destinations

(Go Roam in Europe and Go Roam Around the World)

Go Roam lets you roam abroad at no extra cost in more than 70 destinations, whether using your Top-up credit with our standard rates (10p/ minute; 10p/ text; 5p/ MB) or with one of our Packs. To enjoy Go Roam on Pay As You Go with a Pack, all you need to do is convert your Top-up credit into a Pack to get an allowance of voice, text and data which may be used either in the UK or in our Go Roam destinations. Your allowance and Fair Usage Data Policy refreshes each calendar month. You can then use the allowance in the UK and any Go Roam destination to call and text the UK, and use the Internet, just like you would back home. Plus, in our Go Roam in Europe destinations you can also use your voice and text allowances to make calls and send texts to local numbers in Go Roam destinations.

Go Roam destinations are shown in the table on page 26.

Roaming in other destinations

If you have purchased a Data Pack or a Data Add-on, your allowance doesn't cover roaming in other destinations. You will need to top up your credit to use your phone in these destinations and usage will be charged according to the table below.

Charges whilst roaming abroad

If your allowance doesn't include roaming abroad or if you have used all your allowance, or if you don't have an allowance you will be charged according to the following table.

Band (See table on pages 22-24)	Data (per MB)	Voice call (calling back to the UK and within the same band) (per minute)	Voice call (calling anywhere else in the world) (per minute)	Voice call (receiving) (per minute)	SMS (per text)	MMS (per message)	Voice Call (to non-geographic numbers) (per minute)
Go Roam in Europe	5p	10p	£1.40	free	10p	40p	£1.40
Go Roam around the world	5p	10p	£1.40	free	10p	40p	£1.40

How we charge whilst you're abroad

- Calls made in an EU country are charged by the second and have a 30-second minimum charge.
- Calls made in a non-EU country are charged per minute.
- Calls received in a non-EU country are charged by the second and have a one minute minimum charge.
- Voice minutes, Texts and Data will always be consumed from an available Add-on before any available credit is used.
- If you do not have an appropriate allowance (Data Pack or Add-on), charges will come from available credit.
- To help you manage your roaming costs when travelling, we'll send you a text message about call charges and roaming rates for each country you visit.
- If you pick up your voicemail while you're abroad, you will be charged at your standard roaming rate.
- If you need to contact us while you're abroad, you will be charged at your standard roaming rate.
- Visit three.co.uk/roaming for more information.

Note:

To use your phone abroad you need to have connected to our network in the UK before you travel. Put your SIM into the phone; turn your phone on; wait until your phone has connected to our network.

Our Fair Usage policy

You can use your allowance at no extra cost when abroad in any of our more than 70 Go Roam destinations. Your usage comes from your allowance or your cash credit.

We impose a Fair Usage cap in these Go Roam destinations as follows:

Destination	Voice (minutes)	Texts (text)	Data (GB)
Go Roam in Europe	-	-	20GB
Go Roam around the World*	3,000	3,000	12GB

* Usage above these amounts for voice calls and texts will be charged at the rates as specified in the "Charges whilst roaming abroad" table.

Worldwide data roaming limit

We've set up a worldwide data roaming limit of £42.98 to stop you spending too much. If you would like this limit removed, please contact Three Customer Services.

Internet and data usage abroad

When you roam onto other international networks where data roaming is available, the charges below will apply. However, if you're in a Go Roam destination, and have a suitable allowance (Data Pack or Data Add-on), you can use your allowance to call and text the UK and use your data without paying a penny more subject to our Fair Usage Policy.

The speed and availability of Internet access when abroad will depend on a number of factors, including which network you are roaming on and the services they have available – for example, 4G networks may not be available, in which case you may only be able to enjoy 3G speeds. Other factors which may affect the speeds that you'll experience include your distance from the nearest mast, your location in a building, local geography and the type of device you're using. Certain services such as audio and/ or video streaming may be slower as a result than in the UK. For information on which countries you can roam in, and on which networks, visit three.co.uk/roaming

What other useful information is there for using Go Roam?

Everything you may need to know about Go Roam can be found at three.co.uk/go-roam but some key bits of information can be found below:

- You can choose to use your top-up credit, a Pack allowance or a Data Add-on allowance at no extra cost in any of our Go Roam destinations – both in Europe and Around the World.
- If you've chosen to convert your Top-up into a Pay As You Go Data Pack or Data Add-on, this comprises a set of allowances. There are some limits to note:
 - If you're roaming in a Go Roam in Europe destination, and your Data Pack or Data Add-on has a data allowance greater than 20GB, then our Fair Usage Policy applies. This allows you to use up to 20GB of your data allowance in our Go Roam in Europe destinations, at no extra cost. If you use 20GB, and still have remaining data allowance available, you can continue to use your data, but this is subject to a surcharge of 0.3p/MB. There are no fair use policies in our Go Roam in Europe destinations for calls or texts from any available allowance.
 - If you're roaming in a Go Roam Around the World destination and you have a Data Pack or Data Add-on, you can use a portion of these allowances each month. For example, if your Data Pack or Data Add-on has a data allowance greater than 12GB, you can use up to 12GB of that allowance each month. If you exceed your 12GB monthly data allowance in a Go Roam Around the World destination, your data usage will be permitted in our Go Roam destinations until your next billing period. If you exceed any of these allowances for any two months within a rolling 12-month period we have the right to suspend international roaming on your account, meaning you will no longer be able to use your device or allowance abroad. Of course, we will let you know in advance if this is likely to happen.
- To ensure all customers can benefit from Go Roam in Europe with roaming at no extra cost, we also reserve the right to apply a surcharge in case of abusive use. In order to help us to detect possible abuse of Go Roam in Europe, we may monitor your usage and presence. We'll look at the balance of your roaming and domestic (UK) activity over 4 months: if you spend the majority of your time abroad and consume more abroad than at home over the 4 months, we have the right to add a small surcharge to your usage. This surcharge will be capped at 3p/ minute, 1p/ text and 0.3p/ MB. We will cease to apply this surcharge as soon as our data usage and presence monitoring no longer indicates a risk of abuse or anomalous use of Go Roam in Europe roaming.

Before this surcharge is applied, we'll send you an alert message two weeks in advance, giving you an opportunity to modify your roaming behaviour. In the absence of a change we may apply a surcharge for any further roaming use. Any surcharge will cease to be applied when our Go Roam in Europe monitoring indicates that the majority of your time or usage is spent in the UK.

- Go Roam is intended for our UK customers who are UK residents or have stable links with the UK (e.g. full-time employment or full-time study in the UK), who are visiting one of the destinations for short periods, like holidays or business trips. It isn't designed for people who live abroad or stay for extended periods. If you roam exclusively in a Go Roam Around the World destination for any two complete months in a rolling 12-month period, we may suspend international roaming on your account, meaning you will no longer be able to use your phone or device abroad. Of course, we will let you know in advance if this is likely to happen. If you spend a full month abroad but some of that time is spent in a destination that isn't included in Go Roam, the restriction won't apply.
- You can use your Pay As You Go credit or allowance to create a personal hotspot in a Go Roam in Europe destination.
- You can use your Pay As You Go credit to create a personal hotspot in a Go Roam Around the World destination.
- Pay As You Go customers are required to activate their account by inserting their SIM the UK in order to use Go Roam. Go Roam is designed for Three customers to enjoy their allowances both at home and in our Go Roam destinations. As such, use of a SIM card exclusively to receive inbound calls in a specific Go Roam destination may result in suspension of that SIM card. Our systems are designed to identify this automatically. If you believe that your account may have been incorrectly suspended because of this, please contact us.

Please note: Three reserves the right to suspend this service if we reasonably believe that you are in contravention of our fair use requirements set out in our Terms and Conditions. We reserve the right to extend, withdraw or modify the terms, including this Price Guide, or Go Roam and/or the destinations or service included at any time. See three.co.uk/go-roam/information for full details on how this service works and additional details that may be of interest.

Other charges

Limits on third party charges

We've automatically applied limits to the amount you spend on third party digital content and premium rate calls (including directory enquiries) and texts (including SMS shortcode messages). The spend limits are £40 per single payment transaction and the cumulative sum of £240 for payment transactions made over the course of a calendar month. These limits are set by law and can't be changed. For more information, including confirmation of what types of transactions are affected, visit three.co.uk/spendlimits

Charges for used, damaged or missing accessories

If you've bought a Pay As You Go handset and you return it to us under our returns policy, we may make the following charges:

Make	Accessory type	Description	Missing / damaged accessory charge
Apple	Charger	Apple travel-charger 3-pin	£23
Non-Apple	Charger	Mains charger	£10
All	Hands-free	Personal hands-free	£10
Apple	USB cable	Apple USB charger	£15
Non-Apple	USB cable	USB charger	£10
All	Battery	Battery	£20
All	Memory card	1GB micro SD card	£5
All	Memory card	2GB micro SD card	£10
All	Memory card	4GB micro SD card	£15
All	Memory card	8GB micro SD card	£20

Please note. If you return your phone used or damaged under our returns policy, we will charge you a fee based on the particular make and model, this could be as high as £234.

Full details of our Returns and Exchanges Policy can be found at three.co.uk/support/device_support/returns

Your rights – complaints

Remember, if you're unhappy about any aspect of our services, you can register your complaint:

- via Live chat with a member of our Customer Relations Team at three.co.uk/support/how-to-complain;
- by calling 333 from your Three phone (0333 338 1001 from any other phone); or
- by writing to Three Customer Complaints, Hutchison 3G UK Ltd, PO Box 333, Glasgow.

We'll investigate any complaint in accordance with our customer complaints code, after which we'll contact you with the results. A copy of our customer complaints code can be viewed on our website at three.co.uk/complaints or is available upon request.
