About this Price Guide

Three's voice plans include unlimited minutes and texts to UK landlines (starting 01, 02, 03), and standard UK mobiles. Three's Mobile Broadband plans provide data solutions for Customers' businesses. Using broadband SIMs, the Customer can make voice calls and send/receive text messages depending on the device using the SIM, at Outside of Allowance Services rates set out within this Price Guide. This Price Guide is effective from the date of publication. Three's Terms and Conditions for Business customers using the Three Network can be found online at [Terms & Conditions | Three](#)

All prices in this Price Guide exclude VAT where applicable, except where expressly stated otherwise.

We reserve the right to extend, withdraw or modify the terms, including this Price Guide, relating to Go Roam and/or the destinations or service included at any time. This Price Guide will cover Roaming if included in your tariff plan or Add-on.

If you use your device abroad and it's not included in your plan, the current roaming destinations and charge bands in the [Roaming Price Guide](#) will apply.

Key things to note

Inclusive Go Roam Plans

For a fixed daily charge, you can use your UK allowance in any of our Go Roam destinations to contact a UK number (starting 01, 02, 03 or a standard UK mobile) - fair usage applies. Some of our plans now come with roaming included for an additional charge to your monthly plan, which means you won't need to pay the daily roaming charge. You'll know if you have roaming included in your plan, as either in your plan name or add-ons it will include the term "Go Roam", followed by which set of destinations that roaming is available to you in.

Roaming is part of your plan contract and will be for the full contract term of your main plan.

Plan name includes	Additional recurring monthly cost on top of your voice or handset plan	Destinations included		
		Go Roam in Europe	Go Roam Around the World	Go Roam Around the World Extra
Go Roam in Europe (EUR)	+£5 per month (per line)	✓	✗	✗
Go Roam Around the World (ATW)	+£10 per month (per line)	✓	✓	✗

Fair Use Policies apply to roaming within a billing month.

Destination	Voice (minutes)	Texts	Data (GB)
Go Roam in Europe	Unlimited	Unlimited	12GB
Go Roam Around the World	3,000	5,000	12GB
Go Roam Around the World Extra			

Your usage comes from your UK allowance. All usage over the roaming fair use levels will be subject to Three's out of allowance charges (shown in the [Roaming Price Guide](#) – as are the destinations that sit in each Go Roam group) .

Go Roam is intended for UK customers, who are UK residents visiting one of the destinations for short periods, like holidays or business trips. It isn't designed for people who live abroad or stay for extended periods.

If a Customer is exempt from the daily roaming charge, a fair use limit applies as follows: if during any 4 month period, Customers roam in Go Roam destinations for 60 days or more, additional roaming charges may apply. Customers shall be notified before charges are applied.

If a User roams exclusively in any international destinations for any two complete months in a rolling 12-month period or excessively, Three may suspend international roaming for that User(s) or Customer, meaning that User(s) or Customer will no longer be able to use their Device or allowances abroad. Three will let Customer know in advance if this is likely to happen.

To see more information relating to Roaming including destinations and out of allowance charges, please review the [Roaming Price Guide](#).

Key things to note

Add-ons

Add-ons are additional, optional or extra services the Customer can bolt on to Device and SIM Only plans. There are two types of Add-on: recurring Add-ons, and one-off Add-ons.

Recurring Add-ons will be charged pro rata for the first month. After the first month, the Customer will be charged the full amount per month regardless of when the Add-on is cancelled. Recurring Add-on allowances can't be rolled over, and will refresh in line with the Customer's bill cycle until cancelled.

One-off Add-ons are duration based. The Unlimited One Day Boost Add-on lasts until midnight UK time the same day. All other one time Add-ons last 30 days. The Customer will be charged the full amount regardless of when they buy or cancel the Add-on.

Add-on levels:

- A line level Add-on can be purchased by Customer and applied to selected SIMs in the account.
- Adapt Plan level shared Add-ons apply to all the line level connections under the Adapt Plan only. Connections that aren't on a particular Adapt plan to which the Add-on is applied, will not be able to consume from the Add-on. Best suited when you want to purchase an Add-on specifically for connections on Adapt Plan only.
- Account level shared Add-ons are Add-ons that apply to all line level connections under the billing account. Regardless of the plan a connection is on, all the connections will be able to consume from the Add-on. Best suited when Customer wants to purchase an Add-on for the entire billing account.

Data Add-ons

Single line level data Add-ons

Single line level domestic data Add-ons will be applied to one SIM in the account and can be purchased with Voice and MBB Business Plans.

	Data Add-ons available at line level						
	1GB	5GB	10GB	20GB	50GB	Unlimited One Day Boost	Unlimited
One-off Add-on	£4	£6	£8	£9	£10	£4	–
Recurring Add-on (monthly charge)	£3	£5	£7	£8	–	–	£12

These Add-ons can be used in the UK, and in any of our Go Roam destinations (as set out within this Price Guide and Go Roam Fair Use Policy applies).

Shared data Add-ons

Shared domestic data Add-ons are available to purchase at the billing account level for Voice and MBB Business Plans.

	Shared Data Add-ons available at billing account level									
	30GB	100GB	250GB	500GB	1TB	2TB	5TB	10TB	20TB	50TB

if you do not have a Go Roam pass and you use your phone or device abroad, you will incur Daily Roaming Charges. Go Roam pass Add-ons are valid for use in the destination bands (EUR, ATW or ATWX) as shown in the table.

To see the list of destinations within each Go Roam band, please review the [Roaming Price Guide](#).

How we charge for Go Roam Passes

- These Add-ons will be activated on the first use of your UK allowance in a Go Roam destination (including making calls, sending texts, or using data).
- Once activated you can use the passes, whenever you want, for the number of days allowed on the Add-ons.
- When you visit a destination, the pass which is the most cost effective to you will be consumed first. i.e. If you're in a Go Roam in Europe destination and have both a Go Roam in Europe and a Go Roam Around the World Add-on pass, the Go Roam in Europe pass will be used first.
- Notification (by text message) indicates the start and end of an unlocked period.
- Unused Go Roam passes do not expire and remain on your account until used unless you change the plan in-life or as part of upgrade.

*If Three Mobile Protect Enterprise is terminated prior to expiry of the Minimum Term, Customer may have to pay a Cancellation Fee calculated as the total Add-on Monthly Charges remaining in the Minimum Term.

Three Device Management

Three Device Management is a single solution for the modern management of iOS, Android and the ever-increasing demand for more devices and Apps, allowing businesses to safeguard critical data and assets being accessed on mobile devices. This Add-on is available as a recurring standalone line level Add-on to selected SIM Only Voice, Device Voice and Business Adapt plans, and excludes certain mobile broadband devices like Dongle and MiFi and Business Broadband. This Add-on carries a recurring Monthly Charge for the duration of the Minimum Term and will revert to Three's current list price (as set out in the latest Price Guide available on expiry of the Minimum Term) thereafter, until removed.

License type:	Monthly Charge	Minimum Term
Three Device Management Standard 24m	£3.00 per line	24 months*
Three Device Management Standard 36m	£2.80 per line	36 months*
Three Device Management Secure 24m	£4.00 per line	24 months*
Three Device Management Secure 36m	£4.00 per line	36 months*
Three Device Management Premium 24m	£5.50 per line	24 months*
Three Device Management Premium 36m	£6.50 per line	36 months*

*If Three Device Management is terminated prior to expiry of the Minimum Term, Customer will have to pay a Cancellation Fee calculated as the total Add-on Monthly Charges remaining in the Minimum Term (per line).

It is not possible to select different license types or different Minimum Terms.

The above Charges apply for the Three Device Management licence and standard configuration as set out in the Three Device Management Product Terms. Non-standard requirements or setup will be assessed and quoted for separately on a case-by-case basis.

How Three charges for calls to Special Numbers and 118 Directory Services

Charges for voice calls to special numbers are rounded up to the nearest minute, and charged per minute.

Charges for voice calls to premium rate special numbers (starting 084, 087, 09 and 118) include an Access Charge and a Service Charge. The Access Charge element of these calls will be treated as a minimum of 1 minute, and after the first minute the Access Charge is treated as lasting for its actual duration, with fractions of a second being rounded to the nearest second. The Service Charge is set by the company the User calls, and will be advertised alongside the company phone number.

Additional Services and Outside of Allowance Charges

Three may change or introduce new charges for Additional Services, or Outside of Allowance Services. Three will publish any changes on Three's website. If any Add-ons are affected which have a recurring charge, Three will let the Customer know at least 14 days before the charge changes. If Three do make a change to an Additional Service, and a Customer is not happy with it, the Customer can cancel the Add-on(s) or Users stop using the Additional Services or Outside of Allowance Services. If a Customer would prefer to end the agreement instead, a Cancellation Fee may be payable (please see 'Key things to Note').

Additional Services	Cost
Outside of Allowance Data Usage	1p/MB
Multi-Media Messages (MMS), UK Picture and video messages. (Depending on the phone, if a message includes certain emojis, emoticons, or photos, the Customer may be charged this rate for that message.)	54p/message
SMS shortcodes – mobile text shortcode numbers are 5 or 6 digits long and usually begin with a 6, 7 or 8. These are often used to pay for new features in apps, to donate to charity, to enter competitions or to download games and ringtones.	SMS shortcodes will not come out of any inclusive allowance, and are classed as a Premium Rate Service. The network charge is 13p per message, and the charge from the third party varies depending on the promoter's terms and conditions. These should always be checked to find out the exact costs. The Customer and/or Users can check which shortcode services are available on the shortcode checker

Calling or texting international destinations from the UK

If a User is using their Device to call or send messages to a standard international landline or mobile number from the UK, the cost will depend on the country the User is contacting. The Customer won't be charged to receive a call or text from an international number while in the UK.

The Customer and/or User can check which destinations fall under 'Go Roam in Europe' in the [Roaming Price Guide](#).

	Calling or sending a message to a Go Roam in Europe destination	Calling or sending a message anywhere else
Voice calls (per min)	16.25p	£2.50
Texts (per text)	5.17p	54.17p
MMS (each)	54p	54p

Costs for calls to non-standard international numbers can be found at three.co.uk/nts
See 'Charges for calls from the UK to special numbers' on page 13 for more information.

How Three charges for standard international calls and text messages from the UK

Call durations are rounded up to the nearest minute, and charged per minute. Each text message can accommodate up to 160 characters. Long messages will be sent across numerous text messages, and these will be charged separately. Where a message contains non-standard characters (such as emojis), the message may be sent as an MMS. When the User sends messages to several recipients at the same time, the Customer will be charged separately for each recipient.

Key things to note

Using a phone abroad

When you use your device abroad to call, text and get online, charges depend on the country you are in and the country you are contacting. To see the destinations and roaming charge bands, please review the [Roaming Price Guide](#)

We have grouped destinations for convenience as follows:

- Go Roam
 - Go Roam in Europe
 - Go Roam Around the World
 - Go Roam Around the World Extra - Launched 26/06/24
- Other destinations (Rest of World)

In Go Roam destinations you may make use of your UK allowance* to contact a UK number (starting 01, 02, 03 or a standard UK mobile) as you would in the UK, subject to the allowance being unlocked as follows:

- Payment of a daily charge (24 hours)
 - To see the destinations and roaming charge bands, please review the [Roaming Price Guide](#)
- Purchase of a Go Roam pass Add-on (3-day, 7-day, 14-day, 28-day or 56-day)
 - More details in this Price Guide under Add-ons > Roaming Add-ons ≥ Go Roam Passes
- Purchase of an plan which has Go Roam included

Fair Usage policy

When unlocking access to your UK allowance, we do impose a Fair Usage cap when abroad in Go Roam destinations as follows:

Destination	Voice (minutes)	Texts	Data (GB)
Go Roam in Europe	Unlimited	Unlimited	12GB
Go Roam Around the World	3,000	5,000	
Go Roam Around the World Extra			

When roaming in the Republic of Ireland, fair usage limits do not apply.

All usage over a Customers UK allowance will be subject to Three's standard roaming rates (shown under Charges whilst roaming in Go Roam destinations in the [Roaming Price Guide](#)). Customers can only use up to their allowance for both the UK and abroad Fair usage combined within a billing month. i.e. if you have 20GB data and have already used 10GB in the UK, you'll have 10GB to use abroad. For plans with a data allowance less than 12GB, you can only use up to your UK data allowance.

Go Roam is intended for UK customers, who are UK residents visiting one of the destinations for short periods, like holidays or business trips. It isn't designed for people who live abroad or stay for extended periods.

If a User roams exclusively in any international destinations for any two complete months in a rolling 12-month period or excessively, Three may suspend international roaming for that User(s) or Customer, meaning that User(s) or Customer will no longer be able to use their Device or allowances abroad. Three will let Customer know in advance if this is likely to happen.

If a Customer is exempt from the daily roaming charge due to an inclusive roaming package, a fair use limit applies as follows: if during any 4 month period, Customers roam in Go Roam destinations for 60 days or more, additional roaming charges may apply. Customers shall be notified before charges are applied.

How Three charges

Key things to note

How Three charges

All calls (except calls to shortcode, premium rate numbers and EU roaming calls) are treated as a minimum of 1 minute. Calls of more than 1 minute are treated as lasting for their actual duration, with fractions of a second being rounded to the nearest second (this does not apply to some roaming calls, calls to Service Numbers and Special Calls).

Our systems work to very small fractions of a penny, but we only show your charges to two decimal places on your bill to make it easier to read. To enable this, any usage charges and totals on your bill are also rounded up or down to two decimal places individually, which may affect the total of all Charges once these have been aggregate to produce the sub-total before VAT. Where a usage charge or total has VAT added to it, we carry out rounding on the usage charge or total before VAT is added, and the amount of the VAT itself. The two sums are then added together to produce the final total. Because of the rounding mechanism, occasionally there may be a small inconsistency between any manual calculation you may carry out and the calculations made by our systems. The difference may be up to a penny higher or lower depending on the services you have used during the month, but don't worry, you're not being incorrectly charged. The 'Total Due By' charge on your bill is based exclusively on the detailed underlying costs in our system.

First month prorated

Unless otherwise stated, the first month's allowance and charge for a Customer's price plan or Add-on(s) will depend on when in the month the Customer joins Three, or purchases the price plan, or when the Add-ons are selected. Whenever that is, the User(s) can start using allowances for the price plan or Add-on straight away. Three will work out an appropriate allowance and charge to take the Customer and/or User(s) to the end of the first month. After that, the Customer simply pays the standard recurring Monthly Charge, or recurring Add-on charge, for a full month's allowance for each bill cycle thereafter.

VAT invoices

VAT invoices are issued to all Business customers as standard.

Spend Caps

Spend Caps and limits are allocated on a per SIM basis.

Setting Spend Caps

We ask all new and upgrading customers at point of sale if they want to set a spend cap on their monthly bills which applies to all outside of allowance charges in the UK and whilst roaming, including the daily roaming charge in [Go Roam destinations](#). If they choose to do so, the cap will be applied to their account within 7 days of the request. The [spend cap](#) can be set or changed by the customer at any time.

A Spend Cap can control:

- Calls, texts and data usage after the monthly allowance has been used.
- Calls and texts to premium rate numbers.
- Calls for chargeable non-geographical numbers like 0845 and 0345.
- Calls and texts to international numbers from the UK when there isn't an Add-on.
- Calls, texts and data when roaming abroad in a non-Go Roam destination.
- Daily roaming charge when roaming in any of the Go Roam in Europe, Go Roam Around the World and Around the World Extra destinations.
- Calls, texts and data when roaming abroad in a Go Roam destination, and the monthly fair use limits or allowance has been exceeded.

Limits on third party charges

Three have automatically applied limits to the amount Customer and/or User(s) spend on third party digital content, premium rate calls (including directory enquiries) and texts (including SMS shortcode messages). The spend limits are £40 per single payment transaction and the cumulative sum of £240 for payment transactions made over the course of a calendar month. These limits are set by law and can't be changed. For more information, including confirmation of what types of transactions are affected, view our [spend cap](#) page.

Key things to note

Key things to note

Here are some frequently asked questions.

What does unlimited data mean?

If a Customer has unlimited data as part of their package, there are no hidden fair use policies within the UK. Unlimited data should give a Customer and/or User(s) all the access to the Internet normally needed, without worrying about surprise bills. The allowance must be used for legitimate business use only, and not for any illegal, commercial or improper purposes.

How is data usage measured?

Data usage is measured in bytes. This is then aggregated up into larger units of measure:

- Kilobyte (kB) = 1024 bytes
- Megabyte (MB) = 1024kB
- Gigabyte (GB) = 1024MB
- Terabyte (TB) = 1024GB
- Petabyte (PB) = 1024TB

All current data tariffs are charged and purchased as part of an inclusive allowance, and/or as part of an Add-on which provides a specified amount of data to be used for a fixed price. Data usage is calculated based on the amount of data that travels over the data network. Please note that usage may include re-sent data packets, and packets added to control the flow of data over the network.

Data is charged at each full MB level. Any partial MB usage will then be prorated as per the Customer's price plan.

What do unlimited texts and voice minutes mean?

There are no hidden fair use policies with Three's unlimited text or voice allowances when in the UK. For Go Roam allowances, a fair use will apply. See 'Further information about Go Roam' for more details.

Is there a maximum call duration?

Three may end any calls a User makes that are longer than 2 hours' duration in order to prevent the Customer from incurring excessive, inadvertent costs. If this does happen, and the User wishes to continue the call, they can simply redial.

How are call returns and diverted calls charged?

Call Return calls are charged at the standard price plan rates, or from any inclusive allocation, as though the User had made the call directly. Call Returns will be shown separately on the bill.

Call Return from voicemail may not be made to certain numbers, such as international and premium rate numbers. Any call-barring restrictions a User may have will also apply. A User can only return one call directly from the voicemail service. As soon as the User finishes the call, they will be disconnected and will have to redial into voicemail if they wish to continue listening to the voicemail.

If the User diverts an incoming call to another number, Three will charge the Customer for each redirected call. The cost of the redirected call depends on the type of number.

Rich Communication Services (RCS)

RCS Chats is a "Rich Communication Service" that enables messages to be sent via Wi-Fi and mobile data. Mobile data you use when using RCS Chats will be deducted from any data allowance you have with your plan.

How does a Customer cancel the price plan or agreement?

How a Customer can end their plan and/or Agreement depends on whether the Customer is in the Minimum Term or not, and whether Three has made any changes to the Agreement that are likely to affect the Customer. For further details on termination, and for a summary of how and when a Customer can end this Agreement, go to [Terms & Conditions | Three](#).

If a Cancellation Fee is payable, the fee due will be the total Monthly Charges remaining during the Minimum Term. Each SIM may have a Cancellation Fee payable. Please see the below table for an example calculation:

Monthly Charge	£25
Number of months remaining in Minimum Term	6
Cancellation Fee	£25 x 6 = £150

Three's preferred payment methods and recurring payment discount

Three recommends that customers join Three using Direct Debit. Payments will be taken automatically, so the Customer's account will not be suspended if the Customer forgets to pay. The Customer should maintain the Direct Debit whilst a pay monthly customer. Customers can change their bank details at any time. Please note that for changes to apply before the next billing cycle, they must be made at least 3 days before payment is due.

A Customer can cancel a Direct Debit at any time by calling Three, or by contacting their bank or building society. However, the Customer is still required to pay bills by the due date. If a Customer cancels a Direct Debit within 3 days of the due date, the balance due will still be taken. To avoid possible bank charges, please contact them to discuss available options.

Three will retain a Customer's monthly recurring discount if the Customer gives Three any of the following means of payment. This is provided that the Customer allows Three to store the selected payment method so that Three can charge on the billing date each month. If a Customer does not permit Three to store payment details, the Customer will lose the recurring payment discount.

Any of the following means of payment can be selected by a Customer:

Rights – Complaints

If a Customer is unhappy with any aspect of Three Services, the Customer should contact Three Customer Services with written notice of the complaint, setting out the full facts and including relevant documentation. See 'How to contact Three' on page 3 for contact information.

Three will investigate any complaint in accordance with Three's customer complaints policy, after which Three will contact the Customer with the results. A copy of Three's customer complaints policy can be viewed on Three's website at three.co.uk/complaints. A Customer can also request a copy by contacting Three Customer Services. If Three are unable to resolve a Customer's complaint, the Customer may, depending on the nature of the complaint, be entitled to ask the Communications Ombudsman to consider the complaint.
