This policy applies if you're a Three Business customer.

Three's Returns, Exchange and Cancellation Policy

We always hope you're happy with your services and any new purchases but just in case you're not, we've set out below when you can change your mind, including by returning or exchanging and equipment. This will depend on what you've purchased, where you placed your order, and if you purchased directly from Three or another retailer.

If you have any queries not covered within this Returns & Exchange Policy, please contact as applicable, your Customer Success Manager, Partner or call Three on 337 from a Three mobile (free) or 0800 033 8033 (standard call charges apply).

Important Things to Note

- You're allowed to do what is reasonable and turn on and use your Device to inspect it and to make sure you've received what you thought you were buying and that it works as expected, but if there's any damage, or it's used beyond what's reasonable, we have the right to charge you for any loss in value to the goods as a result of your use or damage.
- Before you send your Device(s) back, make sure you've taken the SIM out and disposed of it if you don't need it anymore. If your Device uses eSIM, you'll need to delete your eSIM profile. This will help to keep your personal information safe when returning your Device(s). Check you've got a replacement SIM or eSIM capable Device available before you delete your eSIM profile so you can move your number over.

- You must turn off “Find My iPhone” on your Apple Device before returning the Device to Three and you must not turn “Find my iPhone” back on during the returns or exchanges period. If you fail to remove it and “Find my iPhone” is enabled on the Device when your Device is received by us and/or or you turn “Find my iPhone” back on during the returns or exchange period, we’ll reduce your refund or apply a charge to your Three account by an amount of up to £200 per Device.
- You’ll need to pay a proportionate amount for any services received up to the date you cancel (e.g. a pro-rata amount of your Monthly Charge(s)) and will be charged for any Three Services you use (e.g., for any calls, texts or data used). It can take up to 3 months for some international and premium rate services to be applied to your bill.
- If you return a Device (or accessory) to us, you will need to return the Device in the original packaging along with any manuals, chargers, accessories and any “free” gifts supplied with the Device. If anything is damaged or missing, you may be charged for these in line with the appropriate charges set out in our Price Guide.
- We realise mistakes happen, so take care when returning our Device to us. If you send us the wrong Device, or don't return your Device at all, we won't be able to process your request and you'll continue to be charged in accordance with your agreement with us.
- If a Returns Period is available and you change your mind and wish to exchange your Device for a different colour, make or model, a £12.99 charge will be applied per Device. Please note that the Device being exchanged will need to be returned, and a new agreement subsequently issued in respect of the new Device(s) which may require a further credit check.
- For hygiene reasons, we can't accept returns or exchanges on some accessories, like headsets, where the packaging has been opened or had the seal broken.
- This policy doesn't apply to digital products.
- If you change your mind after any applicable 14 day Returns Period (30 days for Business Broadband), and you are within the Minimum Term, you will need to give us 30 days' notice (or switch), and pay a Cancellation Fee as set out in the Terms and Conditions for Business Customers at <https://www.three.co.uk/business/terms-conditions/business-terms-and-conditions>
- If you fail to return the Broadband Equipment as required in our Business Broadband Terms and Conditions, whether inside or outside of the 30 days Returns Period, you will have to pay a non-return charge. For more information about these charges please see the Terms and Conditions for Business Broadband at <https://www.three.co.uk/business/terms-conditions/business-broadband>.

Faulty Products – what to do if your Equipment is faulty

- If a fault occurs in the first 30 days of purchase, please contact us. If after testing a fault is found you will have the option of a repair, replacement or a return and refund.
- After 30 days you will be entitled to a repair. Where covered under the manufacturer's warranty there won't be a charge. Find out more [Repairing your device - Repairing your device - Support - Three](#).
