Bill payment

First bill

We'll send you your first bill within 7 days. It'll be slightly higher than usual because it includes charges for the first few days plus the next full month's charge. This will only be the case for your first bill. Every other bill will be charged at your agreed monthly cost, plus any charges for Outside of Allowance Services.

Payment by Direct Debit

Three's pricing includes a discount for paying by direct debit. You can set up a direct debit on the Three app, on My3, by post or by giving Customer Services a call and we will help you get set up. Three cannot prevent you from cancelling a direct debit, and if a direct debit is cancelled, you are still required to pay bills by the due date. For other methods of payment go to [Ways to pay - Ways to pay - - Support - Three](#). You will retain the direct debit discount if you choose to pay using a major credit/debit card provided that you allow Three to store your selected payment method so that Three can charge you on the billing date each month. You can change these details at any time and on multiple occasions.

Controlling Spend

Three offers a range of controls to help you to monitor your level of consumption and spending.

A **Spend Cap** allows you to limit or block services that aren't included in your monthly plan. This includes international calls, chargeable roaming services and donating or entering competitions

using short-codes. You can set a cap to anything between £0 and £100 – in £10 increments or choose to switch the cap off completely. For a full list of what is included in the Spend Cap and to find out how to set up, change and switch off a Spend Cap go to [Spend Caps - Spend Caps - - Support - Three](#).

Three will always send a text just before and once you reach any limit for calls, texts or data on your plan.

Remedies

Due to the nature of mobile technology, there may be situations when Three Services aren't always available, or the quality or network speeds are affected and so Three cannot guarantee continuous fault-free service due to maintenance or other factors outside Three's control. More detail can be found at three.co.uk/terms

If you experience continuous or regularly recurring disruption to Three Services (such as where access to Three Services is limited or unavailable) you may be entitled to a price reduction based upon the period of the disruption. This may take the form of a partial or full credit or a refund of your Monthly Charge. To receive a credit or refund you will need to report the disruption to Three so that we may investigate your concerns, consider the extent to which you use the Three Services in question and measure the disruption against your typical usage history.
