Three's Preferred Payment Method

New Advanced Plan customers (whether on a Pay Monthly Package or SIM Only plan) can only join on Direct Debit, and the above plans' prices include a discount for paying by this efficient means.

Direct Debit is brilliant for you, as payment will be taken automatically and your account will not be suspended if you forget to pay. It is also the most efficient method for us. You should maintain your Direct Debit whilst you stay as a pay monthly customer.

You can change your bank details at any time, just let us know. You can choose any of the following given means of payment. Simply allow us to store details and you will remain eligible for the £5 monthly recurring discount. See page 35 for more info.

Outside your Allowance

If you've used up all of your monthly inclusive allowance and continue to use your account, you'll be charged the following rates:

| Out of allowance cost | |
|---|---|
| Calls to standard UK landlines (starting 01, 02 or 03; excludes calls to the Isle of Man or the Channel Islands), UK mobiles (any network) and your Three voicemail (once you've used your allowance) | 65p / min |
| Data | Not available on a per MB basis – see our data Add-ons on page 11 |

- If you've used up all of your data allowance, you can choose to buy an Add-on which will last until your monthly allowance is refreshed (see page 11) or, if you find yourself needing an increased allowance on a longer-term basis, you can change your price plan (via your My3 account) to one with an increased monthly data allowance.
- If you've used up all of your voice minutes, you can continue to make calls and just be billed for these at the rate set out above – or you can change your price plan (via your My3 account) to one with an increased allowance if you find yourself needing an increased allowance on a longer-term basis.

Additional Services

These are the additional, optional or extra services you can bolt on to your plan and include our range of Add-ons, the cost of calling Special Numbers and our International Charges.

We may change or introduce new charges for Additional Services, or Services Outside of your Allowance. If we do, we'll publish any changes on our website. If any Add-ons are affected which have a recurring charge, we'll let you know at least 14 days before the charge changes. If we do make a change to an Additional Service and you're not happy with it, you can cancel the Add-on(s) or stop using the Additional Services or Services Outside of your Allowance. If you'd prefer to end your contract instead, a cancellation fee will be payable (please see page 29).

| Additional Services cost | |
|--|---|
| MMS (depending on your phone, if your message includes certain emojis, emoticons or photos, you may be charged this rate for that message) | 65p / message |
| SMS shortcodes – mobile text shortcode numbers are 5 or 6 digits long and usually begin with a 6, 7 or 8. These are often used to pay for new features in apps, to donate to charity, to enter competitions and to download games and ringtones. | SMS shortcodes will not come out of any inclusive allowance and are classed as a Premium Rate Service. The network charge is £0.15 per message and the charge from the third party varies, depending on the promoter's terms and conditions. These should be checked to find out the exact costs. |

How much does it cost for calls to satellite phones?

Calls to satellite numbers cost the same per minute regardless of where in the world you are when making the call (whether from the UK or abroad) or where the satellite phone is physically located. They normally start with the number prefix 0087 or 0088 and cost up to £7.66 per minute.

How much does it cost for Directory Services?

There is a host of directory enquiry services available, all of which have different phone numbers and different charges. These calls do not come out of an allowance of voice minutes and you'll be charged the rates below to call these.

The table here only shows a fraction of the directory services available (which is changing frequently) – go to [Three.co.uk/nts](https://www.three.co.uk/nts) for the latest details.

- If you do not have an appropriate allowance (Plan or Add-on), charges will be applied according to our Out of Allowance rates.
- To help you manage your roaming costs when travelling, we'll send you a text message about call charges and roaming rates for each country you visit.
- Calls to pick up your voicemail while you're abroad will be taken from your UK allowance when in a Go Roam destination and this may result in us applying the Daily Roaming Charge to unlock your allowance. In all other destinations these calls will be charged at the rate for a voice call back to the UK.
- Calls to us while you're abroad will be taken from your UK allowance when in a Go Roam destination and this may result in us applying the Daily Roaming Charge to unlock your allowance. In all other destinations these calls will be charged at the rate for a voice call back to the UK.
- Calls to 00800 numbers are charged at 40p per minute, with a minimum call duration of 1 minute and are rounded up to the nearest second, fractions of a second are rounded up or down to the nearest second.
- Visit three.co.uk/roaming for more information.

Our Fair Usage policy

You can use your UK allowance in any of our Go Roam destinations subject to a daily roaming charge. Your usage comes from your UK allowance.

If you have a data allowance greater than 12GB, you can use up to 12GB of data each month. If you use 12GB and still have remaining data allowance available, you can continue to use your data, but this is subject to a surcharge - currently 0.3p/MB. When roaming in the Republic of Ireland, fair usage limits do not apply.

We impose a Fair Usage cap in Go Roam destinations as follows:

| Destination | Voice (minutes) | Texts (texts) | Data (GB) |
|---------------------------------|-----------------|---------------|-----------|
| Go Roam in Europe | Unlimited | Unlimited | |
| Go Roam Around the World* | 3,000 | 5,000 | 12GB |
| Go Roam Around the World Extra* | | | |

*Usage above these amounts for voice calls and texts will be charged at the rates as specified in the "Charges whilst roaming abroad" table.

Worldwide data roaming limit

We've set up a worldwide data roaming limit of £45 (excl VAT) to stop you spending too much. If you would like this limit changed or removed, please contact Three Customer Services.

Internet and data usage abroad

The speed and availability of Internet access when abroad will depend on several factors, including which network you are roaming on and the services they have available – for example, 4G or 5G networks may not be available, in which case you may only be able to enjoy 3G speeds. Other factors which may affect the speeds that you'll experience include your distance from the nearest mast, your location in a building, local geography and the type of device you're using. Certain services such as audio and/or video streaming may be slower as a result than in the UK. For information on which countries you can roam in, visit three.co.uk/roaming

What other useful information is there for using Go Roam?

- Go Roam is intended for our UK customers, who are UK residents visiting one of the destinations for short periods, like holidays or business trips. It isn't designed for people who live abroad or stay for extended periods.
- As such, if you roam exclusively in one or more of our Go Roam in Europe, Go Roam Around the World or Go Roam Around the World Extra destinations for any two complete months in a rolling 12-month period, we may suspend international roaming on your account, meaning you will no longer be able to use your device abroad. Of course, we'll let you know in advance if this is likely to happen.
- If you spend a full month abroad but some of that time is spent in a destination that isn't included in Go Roam, this fair use policy won't apply.

Please note: Three reserves the right to suspend this service if we reasonably believe that you are in contravention of our fair use requirements set out in our Terms and Conditions. We reserve the right to extend, withdraw or modify the terms, including this Price Guide, or Go Roam and/or the destinations or service included at any time. See three.co.uk/go-roam/information for full details on how this service works and additional details that may be of interest.

Key things to note

We've set out some of the questions that we often get asked and their answers below.

About your Advanced Plan allowance.

Your Advanced Plan includes a monthly allowance of voice, text and data for use within the UK and, for an additional fixed daily charge, in our Go Roam destinations for voice calls (to standard UK landlines starting 01, 02, 03 and UK mobiles), text messages sent to a standard UK mobile number or data use. Plus, if you're in one of our Go Roam in Europe destinations, you can also use your minutes and texts allowance to call and text landline and mobile numbers in the UK and in Go Roam in Europe destinations. It's worth remembering that if you don't use up your allowance in a month, you lose the unused portion, as it doesn't roll over to the next month.

After your monthly allowance (of minutes, texts or data) is used up, prices for use outside of your allowance for additional calls or messages are shown on page 24. If your inclusive allowance of voice minutes runs out during a call, we will charge you for the remainder of the call at the charges published in this guide.

How can I use my voice minutes?

- Inclusive voice minutes in any packages or Add-ons are for voice calls made either within the UK or, for a fixed daily charge, while in a Go Roam destination to any other standard UK mobile (beginning 07 but excluding certain non-standard numbers – see page 24 for details), UK landlines (beginning 01, 02 and 03) and voicemail (retrieved by calling 123 from your mobile in the UK). Inclusive voice minutes in any package or Add-on can also be used when roaming within our Go Roam in Europe destinations to call standard landline or mobile numbers in that or any other Go Roam in Europe destination.

How can I use my text allowance?

- Inclusive texts are for SMS texts sent within the UK or, for a fixed daily charge, while in a Go Roam destination to a UK standard mobile (beginning 07 but excluding certain non-standard numbers – see page 24 for details) or for SMS texts sent when roaming within a Go Roam in Europe destination to a standard mobile number from a Go Roam in Europe destination. You cannot use your inclusive texts to send SMS shortcode messages – see page 10 for details.
- Texts within a monthly allowance cannot be: text messages sent from the UK or a Go Roam destination to a non-UK standard mobile number (except for text messages sent within Go Roam in Europe destinations to an international mobile number from a Go Roam in Europe destination); messages sent while abroad in a non-Go Roam destination; text messages received in non-Go Roam destinations; and MMS messages; or alerts received as part of Three's Alerts services. These services are also excluded from any Add-on allowances for messages.

How can I use my data allowance?

- The inclusive data allowance in your package or Add-on can be used to connect to the Internet on your phone whether in the UK or, for a fixed daily charge, while in a Go Roam destination (fair use limits apply), unless you've chosen an Add-on that specifically states it is for UK use only.
- You can also use your data to set up a personal hotspot if you want to connect more than one device to the Internet at once. You can use any or all of your allowance for this purpose.

What else can't I use my allowances for?

- International calls and messages;
- Calls and messages made and received while abroad to non-UK numbers (unless stated otherwise);
- Premium rate calls and messages (including SMS shortcode messages);
- Reverse charge and messages;
- Message alert services;
- Directory service calls;
- Non-geographic numbers (starting 087, 084) and special numbers (e.g. 090, 070).

Key things to note

What do you mean by unlimited?

Unlimited data.

If you have unlimited data as part of your package or with an Add-on, there are no hidden fair use policies within the UK. Unlimited data should give you all the access to the Internet you would normally need, without worrying about hefty bills. However, if you're in a Go Roam destination, you will be subject to our fair use limits meaning you can use up to 12GB of data each month.

Unlimited texts and minutes.

There's no hidden fair use policies with our unlimited text or voice minutes allowances either when in the UK or our Go Roam in Europe destinations – we just ask that you use this allowance in accordance with our Terms for Three Services – that is, for personal use only and not for any illegal, commercial or improper purposes. Our Fair Usage policy applies when using your phone in our Go Roam destinations (see page 25).

How do you measure data usage?

Data usage is measured in bytes, this is then aggregated up into large units of measure

- Kilobyte (kB) = 1024 bytes
- Megabyte (MB) = 1024kB
- Gigabyte (GB) = 1024MB
- Terabyte (TB) = 1024GB
- Petabyte (PB) = 1024TB

All current data tariffs are charged and purchased as part of an inclusive allowance and / or as part of an Add-on which provides a specified amount of data you can use for a fixed price. Data usage is calculated based on the amount of data that travels over the data network. Please note that usage may include re-sent data packets and packets added to control the flow of data over the network.

Data is charged at each full MB level. Any partial MB usage will then be prorated as per the customer plan.

International messaging.

Messages sent from the UK to international destinations, messages sent and received whilst abroad, and MMS messages and alerts received as part of Three's Alerts services are excluded from any monthly and/or Add-on allowances for messages. Your international messaging function is subject to services arrangements with respective networks abroad.

Key things to note

What will I have to pay if I want to cancel my contract?

If you ask to cancel your package before the end of your Minimum Term, you'll be asked to pay a cancellation fee (see 'Charges for other services' on page 29). If you are outside of your Minimum Term and want to cancel your contract, there is no cancellation fee to pay. For more information, call Three customer services.

Final Bill Refund

When you cancel your account, you won't be able to view your bills on My3 or the Three App, so we'll send you your final bill by post. If your account is in credit when it closes, you may be owed a refund. Any refund owed to you over 50p, will be refunded within 14 days of your final bill. This refund will be sent to the bank account linked to your Three account. If you settle your monthly bill by card payment, any refund owed to you will be refunded directly to your card.

If your refund is less than 50p, a refund can be arranged by calling 0333 338 1001, or by using our Live Chat service. If we cannot refund your credit and it remains unclaimed for a period of 6 months, Three will donate this credit to our charity partner.

Please note, not all types of credit are eligible for a refund. To find out more about our terms and conditions on refunds, please visit three.co.uk/terms-conditions.

Is there anything else I should note?

Is there a maximum call duration that I should know about?

We may end any calls that you make that are longer than two hours' duration, in order to prevent you from incurring excessive, inadvertent costs. If this does happen and you wish to continue your call, please simply redial.

Can I set up a Call Return?

Yes – you can return a call directly to someone who has left you a message by simply keying # at the end of their message. This is called Call Return (returning a call directly from the voicemail service).

When using Call Return, calls are charged at your standard price plan rates or from any inclusive allocation, as though you had made the call directly. Call Returns will be shown separately on your bill.

Call Return from voicemail may not be made to certain numbers such as international and premium rate numbers. Any call-barring restrictions you have will also apply. You can only return one call directly from the voicemail service. As soon as you finish the call you will be disconnected and will have to redial into voicemail if you wish to continue listening to your voicemail.

If you divert your incoming calls to another number, we'll charge you for each redirected call. The cost of the redirected call depends on the type of number.

Key things to note

Charging/billing.

- All calls (except calls to shortcode, premium rate numbers and EU roaming calls) are treated as a minimum of one minute. Calls of more than one minute are treated as lasting for their actual duration, with fractions of a second being rounded to the nearest second (this does not apply to some roaming calls, calls to Service Numbers and Special Calls).
- Calls to Service Numbers (starting 084, 087, 09 and 118) are charged differently from other numbers. The Access Charge element of these calls will be treated as a minimum of one minute. If your call lasts less than one minute, your Access Charge will be rounded up to a duration of one minute. For calls of more than one minute, the Access Charge element is treated as lasting for its actual duration, with fractions of a second being rounded to the nearest second. The Service Charge element is set by the company you're calling and may comprise (1) a price per minute Service Charge; (2) a price per call Service Charge; (3) a price per call Service Charge plus a price per minute Service Charge (which runs from the start of your call); and (4) a price per call Service Charge plus a price per minute Service Charge (which runs from 60 seconds after the call starts). If the Service Charge includes a price per minute Service Charge, this will be treated as lasting its actual duration (except if the first 60 seconds have been excluded), with fractions of a second being rounded to the nearest second. For example, if you make a call to a service number, where the Service Charge is 10p per minute, which is simply charged at a price per minute rate and your call lasts 30 seconds, you'll be charged a total of 70p for this call, as the Access Charge element will be rounded up to a duration of one minute at 65p plus 5p for the 30 seconds of call time for the Service Charge element.
- Each individual charge on your bill is shown with VAT included (where relevant) and is rounded up or down to the nearest tenth of a penny to make it easier to read. This rounding process means that the total charges you see on our bill summary page may not always be identical to the 'Total due by' charge you see on the front page of your bill because the rounding may affect the total of all charges once these have been aggregated to produce the sub-total before VAT. Don't worry, this is normal and you're not being overcharged or undercharged. The actual amount you need to pay is the one shown on your bill's front page, next to 'Total due by'.

Spend Caps.

We ask all new and upgrading customers at point of sale if they want to set a spend cap on their monthly bills which applies to all outside of allowance charges in the UK and whilst roaming, including the daily roaming charge in Go Roam destinations ([link to three.co.uk/Go-Roam](https://www.three.co.uk/Go-Roam)). If they choose to do so, the cap will be applied to their account within 7 days of the request. The spend cap can be set or changed by the customer at any time - visit [Three.co.uk/control-your-spend](https://www.three.co.uk/control-your-spend)

Spend Limits.

We've automatically applied limits to the amount you spend on third party digital content and premium rate calls (including directory enquiries) and messages (including SMS shortcode messages). The limits are £40 per single payment transaction and the cumulative sum of £240 for payment transactions made over the course of a calendar month. These limits are set by law and can't be changed. For more information, including confirmation of what types of transactions are affected, visit [Three.co.uk/spendlimits](https://www.three.co.uk/spendlimits)

VAT invoices.

These plans are for your personal use only and are not intended for commercial use – this means that if you signed up to one of these plans on or after 18 August 2016, we're afraid we will not be able to issue you with a VAT invoice in relation to this account. If you do need a VAT invoice in relation to your mobile account, please have a look at one of our Business Plans.

If you joined us before 18 August 2016, you may be able to request a VAT invoice subject to a few simple verification checks – please note that Three will only issue a tax invoice on these plans where it is obliged to do so, in accordance with VAT regulations. You can make this request by calling 333 free from a Three phone, or 0333 338 1001 from any other phone (standard call rate applies) and select the Billing option.

Key things to note

First month pro-rated.

Unless otherwise stated, your first month's allowance and charge for your price plan or Add-on will depend on when in the month you join Three or when you decide to select your Add-on. Whenever that is, you can start using your allowance for your price plan or Add-on straight away. We'll work out an appropriate allowance and charge to take you to the end of the first month. After that, you simply pay the standard monthly recurring charge or Add-on charge for a full month's allowance. The exception to this is if you purchase one of our Add Personal Hotspot Add-ons, the first month of which will not be pro-rated. You will simply receive the full monthly allowance and be charged the full amount for that Add-on in the first month of purchase.

Rich Communication Services

RCS Chats is a "Rich Communication Service" that enables messages to be sent via Wi-Fi and mobile data. Mobile data you use when using RCS Chats will be deducted from any data allowance you have with your plan.

Increase to your Monthly Charge.

Each April, your Monthly Charge will increase by a fixed amount depending on your plan's data allowance. Plans 4GB or less and Smartwatch Pairing Plans will increase by £1.80 per month. Plans from 5GB to 99GB will increase by £1.90 per month. Plans 100GB or over will increase by £2.30 per month.

Your monthly charge includes a £5 discount for paying by a recurring method, such as Direct Debit. The £5 monthly recurring payment discount and the annual price increase do not apply to Add-ons or out-of-allowance charges.

| Monthly Charge until March 2026 | Monthly Charge from April 2026 to March 2027 | Monthly Charge from April 2027 to March 2028 |
|---|--|--|
| Price A | Price A + price increase as set out above (=Price B) | Price B + price increase as set out above (=Price C) |
| We have set out an example below showing how this would work if your Monthly Charge is £30 and your Data Allowance is 4GB on a Pay Monthly SIMO plan meaning that your Monthly Charge will increase each April by £1.80 per month | | |
| £30 | £30 + £1.80 = £31.80 | £31.80 + £1.80 = £33.60 |

To find out more about our price increases, please visit our dedicated Price Increase page [here](#). This increase applies if you joined or upgraded on or after 1 November 2022. See our Terms for Three Services for more information [Three.co.uk/terms](https://www.three.co.uk/terms)

Recurring payment discount.

New customers can only join pay monthly plans on Direct Debit, and our plans' prices include a discount for paying by this efficient means. Direct Debit is brilliant for you, as payment will be taken automatically and your account will not be suspended if you forget to pay. It is also the most efficient method for us. You should maintain your Direct Debit whilst you stay as a pay monthly customer. You can change your bank details at any time, just let us know.

We cannot prevent you from cancelling your Direct Debit and if you do, you are still required to pay your bills by the due date. We will retain your discount if you give us any of the following given means of payment provided that you simply allow us to store your selected payment method so that we can charge you on your billing date each month. Don't worry, you can swap these details at any time and on multiple occasions. If you do not permit us to store payment details you will lose the recurring payment discount.

You can choose any of the following given means of payment. Simply allow us to store your payment details and you will remain eligible for the £5 monthly recurring discount.
