Your Internet with legs Pay Monthly package or SIM Plan

All of our pay monthly packages include a device (whether a tablet, mobile or HomeFi or dongle) and an allowance of data which you can use in the UK or our Go Roam in Europe and Go Roam Around the World destinations. If you sign up to one of our SIM-only Internet with legs plans, you'll still receive an allowance of data, which can be used in the UK or our Go Roam in Europe and Go Roam Around the World destinations (subject to our fair use policies – see page 11).

Our 24-month pay monthly tablet packages

With our pay monthly tablet packages you're in control. Once you've chosen your tablet you can then choose how much you want to pay upfront and your data allowance, which you can use in the UK and our Go Roam in Europe and Go Roam Around the World destinations. **Go Roam Around the World Extra destinations are excluded from these Mobile Broadband Plans**. Your contract will last a minimum of 24 months and you can cancel at any time on 30 days notice, but a cancellation fee may be payable if you're still within your minimum term.

Monthly Charge	Your monthly charge will depend on the tablet chosen and the amount you've chosen to pay upfront, and includes a £5 discount for paying by our preferred payment method, which is by a recurring method, such as Direct Debit. Each April, your Monthly Charge will increase by 4.5% (see page 16).				

With our pay monthly Mobile Wi-Fi, HomeFi or dongle packages you're in control. Once you've chosen your device, you can then choose how much you want to pay upfront, how long your contract will last (you can cancel at any time on 30 days notice, but a cancellation fee may be payable if you're still within your minimum term) and your data allowance, which you can use in the UK and our Go Roam in Europe and Go Roam Around the World destinations.

Each April, your Monthly Charge will increase by 4.5% (see page 16).							

It's worth noting that even if you used your phone for every minute of every day you'd only use, subject to TrafficSense™, around 1,000GB each month. That's why we've set a usage cap at 1,000GB, in order to identify commercial use of the service, for example, which is not permitted under the Terms for Three Services.

Our Internet with legs SIM plans

Our pay monthly SIM Plans are available on a choice of a 1-month rolling, 12-month or 24-month minimum term. You just need to choose how much data you want, which you can then use either in the UK or in one of our Go Roam in Europe and Go Roam Around the World destinations (subject to our fair use policies – see page 11) and the minimum term of your contract and you're ready to go. You can end your contract at any time on 30 days notice (a cancellation fee may be payable if you're still within your minimum term).

*Available only to eligible upgrading customers.

Control your spend

On all our pay monthly Internet with legs plans, featured in this Price Guide, you have the ability to control your spend if you're worried about going over your monthly data allowance. You can switch on a 'block' in your My3 account, which will prevent you from using data outside of your allowance, for which you'd normally be charged. You can change the settings to switch this on and off multiple times each month.

If you're using your SIM in a device that can also make and receive calls and texts, please note that these won't be blocked. This is because the charges for these are always outside of your allowance on these plans and so won't be caught by this block.

You can also block calls to non-standard UK landlines (for example, to numbers like 0845 or those starting 09) and international calls, as well as blocking texts to shortcodes, for things like competitions, companies or social media in your My3.

It's really easy to switch these blocks on or off – just log into your My3 account. Then under Allowances, select Control Your Spending. You can then choose how you want to control your spend from the options available.

Additional Services & benefits for our Pay Monthly & SIM plan customers

These are the additional, optional or extra services you can use in addition to your plan's inclusive data allowance.

One of the features of our new plans is that if your device is able to make and receive calls and texts, you can also use your new SIM to make calls and send texts on the rates set out on page 7 onwards.

Please be aware that we may change or introduce new charges for our Additional Services, including services outside of your allowance. If we do, we'll publish any changes on our website. If any Add-ons are affected which have a recurring charge, we'll let you know at least 14 days before the charge changes. If we do make a change to an Additional Service, and you're not happy with it, you can cancel the Add-on(s) or stop using the Additional Services or Services Outside of Your Allowance. If you'd prefer to end your contract instead, a cancellation fee may be payable (see page 14).

Data usage outside of your allowance

On the pay monthly and SIM plans set out in this Price Guide, if you run out of data, you can just continue to use data outside of your allowance, and you'll just be charged for what you use at 1p/MB in the UK (roaming rates in non-Go Roam destinations and in our Go Roam in Europe and Go Roam Around the World destinations will depend on where you are).

What short-term Add-ons are available?

If, as a pay monthly or SIM customer, you find yourself needing an increased data allowance in the UK or in one of our Go Roam in Europe and Go Roam Around the World destinations and you prefer to have a fixed data allowance to use, why not choose one of our short-term Add-ons below? You can only buy one of each, each bill cycle, and it will last until your next bill cycle when your plan's data allowance refreshes.

How we charge for Three Device Security Powered by Bitdefender

- Three Device Security Add-on automatically recurs every calendar month until you choose to cancel. A calendar month is the length of time from a date in any month to the same date in the following month.
- When bought as an Add-on, the subscription price, any discount and the free period end date will be displayed and itemised within your bill.
- You have the right to cancel the Three Device Security Add-on at any time, including within the free trial period. This can be done through the Three app or My3, through retail stores or by contacting us.
- Once the free trial period has ended, you will be charged each calendar month for the recurring subscription to Three Device Security. The subscription to Three Device Security Add-on begins on the day the Add-on was taken out.
- If cancelled, the subscription service to Three Device Security will continue until the end of the current billing cycle. After this, no further payments will be taken, and the subscription service will be cancelled.

Your Internet with legs Pay As You Go plan

Pay As You Go shouldn't be complicated. That's not right at all. It should be flexible and simple to use so you can get the most out of your tablet, mobile Wi-Fi, HomeFi or dongle. Perfect if you love the control and peace of mind you get with an allowance, but with the freedom of Pay As You Go.

Top–ups

To get credit on your Pay As You Go account, you just need to top up. Once activated, Top-ups never expire.

Your My3 account is the easiest and most convenient way to top up. Once you have set it up, simply register your credit or debit card and you'll be able to top up whenever you like. Plus, with My3 you can see exactly how you are using your credit or any allowance.

You can top up in the following amounts:

	£2	£5	£10	£15	£20	£25	£30	£40	£50
Data Reward Plans	✔	✔	✔	✔	✔	✔	✔	✔	✔

You can find out more on how to top up at **Three.co.uk/topup**. Please note that not all Add-ons and Top-ups are available through all channels – for example, some may only be available online or by calling Customer Services.

Great value Add-ons

Running out of data shouldn't stop you enjoying your tablet. Just pop some more credit on your account and maximise your Top-up with one of our great value Add-ons for use within 30 days. What's more, abroad at no extra cost in 71 destinations worldwide with Go Roam in Europe and Go Roam Around the World (subject to our fair use policies - see page 12).

More about our Add-ons

How long do Add-ons last? Add-ons are valid for 30 days from the date and time you activate them apart from the 500MB data Add-on which lasts for one day. Add-ons need to be activated within 90 days of purchase.

What happens to any remaining allowance when my Add-on has expired?
Once an Add-on expires, any unused allowance will be lost and can't be rolled over to another Add-on.

Can I cancel an Add-on? Once an Add-on has been activated it can't be cancelled.

Can I buy more than one Add-on at a time? Generally, only one of each Add-on can be active on your account at any one time, but if you've used all of your Add-on allowance, you can then activate another Add-on.

How do I find out more about converting a Top-up to an Add-on? You can find out how to convert a Top-up to an Add-on online at **Three.co.uk/Support/Top_Up**

What are the costs outside of my allowance?

* These rates apply to our Internet with legs Pay Monthly packages, SIM plans and our new Internet with legs Pay As You Go Data Reward plan. If you're on one of our existing Pay As You Go mobile broadband plans, you'll be charged 10.2p per text message and 25.5p per minute for voice and fax calls to standard UK landlines (starting 01, 02, 03) and to UK mobiles (any network). On these older plans, you'll need a data Add-on to get online.

** SMS shortcodes are a type of text message sent to a 5 or 6 digit number that normally begins with a 6, 7 or 8. They are often used to pay for new features in apps, to donate to charity, to enter competitions and to download

games and ringtones. They are classed as a type of Premium Rate Service. The cost will vary with the promoter's terms and conditions (which should always be checked to find out the exact cost of sending the message). SMS shortcode messages will not come out of any inclusive allowance.

How much does it cost to call Directory Services?

There is a host of directory enquiry services available, all of which have different phone numbers and different charges. Visit three.co.uk/nts to check the cost of calls to a specific number. The total cost of the call is the access charge (set by Three) plus the service charge. The service charge is set by the company you call, and will be advertised alongside the company phone number

Using your device or SIM abroad

When you use your device abroad to call, text and get online, charges depend on the country you are in and the country you are contacting.

International roaming is switched on automatically on your account, so you can use your SIM abroad, including in Go Roam destinations, straight away. On our Pay As You Go plans you'll need to activate your SIM in the UK first.

With Go Roam, international data roaming is not subject to additional charges if you're using your plan or an Add-on allowance to get online from a Go Roam destination. Pay As You Go customers can choose to use either their top-up credit or an Add-on at no extra cost in our Go Roam destinations. As our mobile broadband plans do not include voice or text allowances, making calls and sending texts on these plans will incur additional costs according to where you are roaming.

In Go Roam destinations you may make use of your UK data allowance as you would in the UK at no extra cost. Making calls and sending texts in Go Roam destinations will incur additional costs.

In destinations not covered by Go Roam, additional costs will be incurred when using data services, making/ receiving calls or sending texts.

We have grouped destinations for convenience as follows:

  – Go Roam Around the World
- Other destinations (Rest of World)

For details of charges for making calls and sending texts while abroad to non-standard international numbers visit three.co.uk/nts.

MMS and calls to non-geographic numbers (starting +4484, +4487, +449, +44118) don't form part of your allowance; therefore the following charges will apply when in a Go Roam in Europe or Go Roam Around the Worlddestination (regardless of which country you are calling or messaging):

Cost to make call / send message	Pay As You Go plans Cost (per message/minute)	Pay Monthly plans Cost (per message/minute)	Received
MMS (per message)	55p	65p	Free
Non-geographic calls (per minute)	Up to £1.40 (to any number)		N/A

Prices quoted above include VAT, where applicable.
Check **Three.co.uk/go-roam** for more information and the latest on which destinations are included.

How we charge whilst you're abroad

- The daily roaming charge is automatically applied when you use any of your UK data allowance in a Go Roam in Europe or Go Roam Around the World destination. Once triggered, the charge unlocks your UK data allowance for 24 hours in Go Roam in Europe or Go Roam Around the World destinations. If you have set a Spend Cap, you will need to ensure that it is at a level which permits the daily charge to be applied. If this daily charge cannot be made, you will not be able to use your device in Go Roam in Europe or Go Roam Around the World destinations.
- Calls made when you're in a non-EU country are normally charged per minute.
- Calls received when you're in a non-EU country normally have a 1-minute minimum charge and are then charged by the second, unless otherwise stated in this price guide.
- When you're roaming in the EU, the minimum charge for a call is for 30 seconds, after which calls are charged by the second unless otherwise stated in this price guide.
- If you do not have an appropriate allowance (Plan or Add-on), charges will be applied according to our Out of Allowance rates.
- Calls to pick up your voicemail while you're abroad will be taken from your UK allowance when in a Go Roam destination. In all other destinations these calls will be charged at the rate for a voice call back to the UK.
- Calls to us while you're abroad will be taken from your UK allowance when in a Go Roam destination. In all other destinations thesecalls will be charged at the rate for a voice call back to the UK
- Calls to 00800 numbers are charged at 40p per minute, with a minimum call duration of 1 minute and are rounded up to the nearest second, fractions of a second are rounded up or down to the nearest second.
- Visit three.co.uk/roaming for more information.
- We charge for data sent and received. Amounts are calculated to the nearest kilobyte (kB).

Our Fair Usage policy

You can use your UK allowance in any of our Go Roam destinations. Your usage comes from your UK allowance. If you have a data allowance greater than 12GB, you can use up to 12GB of data each month. If you use 12GB and still have remaining data allowance available, you can continue to use your data, but this is subject to a surcharge - currently 0.3p/MB. When roaming in the Republic of Ireland, fair usage limits do not apply.

We impose a Fair Usage cap in Go Roam destinations as follows:

Destination	Data
Go Roam in Europe	12GB
Go Roam Around the World	

Worldwide data roaming limit

We've set up a worldwide data roaming limit of £45 (excl VAT) to stop you spending too much. If you would like this limit changed or removed, please contact Three Customer Services.

Internet and data usage abroad

The speed and availability of Internet access when abroad will depend on several factors, including which network you are roaming on and the services they have available – for example, 4G or 5G networks may not be available, in which case you may only be able to enjoy 3G speeds. Other factors which may affect the speeds that you'll experience include your distance from the nearest mast, your location in a building, local geography and the type of device you're using. Certain services such as audio and/or video streaming may be slower as a result than in the UK. For information on which countries you can roam in, visit three.co.uk/roaming

What other useful information is there for using Go Roam?

Go Roam in Europe and Go Roam Around the World

- If you use 12GB and still have remaining data allowance available, you can continue to use your data, but this is subject to a surcharge currently 0.3p/MB. When roaming in the Republic of Ireland, fair usage limits do not apply.
- Go Roam is intended for our UK customers, who are UK residents visiting one of the destinations for short periods, like holidays or business trips. It isn't designed for people who live abroad or stay for extended periods.
- As such, if you roam exclusively in one or more of our Go Roam in Europe or Go Roam Around the World destinations for any two complete months in a rolling 12-month period, we may suspend international roaming on your account, meaning you will no longer be able to use your phone or device abroad. Of course, we'll let you know in advance if this is likely to happen.
- If you spend a full month abroad but some of that time is spent in a destination that isn't included in Go Roam, this fair use policy won't apply.
- In Go Roam destinations, Three may deploy traffic management measures, known collectively as TrafficSense™, to protect the network and to give customers the best internet experience. Find out more about **TrafficSense™**

You can find out more about Go Roam at **three.co.uk/go-roam**. And just so you know, we reserve the right to extend, withdraw or modify the terms of Go Roam and/or the destinations of service included at any time.

How we charge for Data Travel Passes

These Add-ons will be activated on the first use of data in a Data Travel Pass destination.

Once activated, data usage will be consumed from your active Data Travel Pass Add-on, and continue until completely consumed, or the pass Add-on duration has elapsed.

Data Travel Pass Add-ons expire after activation according to their duration (1-day/ 24 hours; 7-day/ 168 hours; 14-day/ 336 hours respectively) irrespective of the time zone in which they are used.

You can purchase more than one Data Travel Pass Add-on, of any duration, and these will be redeemed in the order of purchase for that type of pass.

If you already have an unused Data Passport, this will be consumed before any Data Travel Passes.

Calling and texting abroad from the UK

If you're using your device to call a standard international number from the UK, the cost will depend on which country you are calling. You won't be charged if you receive a call from an international number when in the UK. For the cost of calling non-standard international numbers see: three.co.uk/specialnumbers3

Key things to note

We've set out some of the questions that we often get asked, and their answers below. We've also explained in more detail about your plan including how you can use it in Go Roam destinations.

About your plan

What does my plan include?

- If you have a Pay Monthly plan which includes a device, it includes a monthly allowance of data for use within the UK and, for an additional fixed daily charge, in our Go Roam in Europe and Go Roam Around the World destinations.
- If you have one of our Internet with legs SIM Plans, it includes a monthly allowance of data for use within the UK or a Go Roam in Europe or Go Roam Around the World destination.
- It's worth remembering that if you don't use up your allowance in a month, you lose the unused portion, as it doesn't roll over to the next month.
- After your monthly data allowance is used up, prices for use outside of your allowance for additional data as well as for any calls or messages are shown on page 7.

How can I use my data?

- You can use your data in the UK or in any of our Go Roam destinations, as set out on page 10.
- You can also use your data to set up a Personal Hotspot if you want to connect more than one device to the Internet at once, when in the UK or in a Go Roam in Europe destination.
- To help you see the value you're getting with our Pay As You Go Data Add-ons, we've set out in the table below the per MB cost for each Pay As You Go Data Add-on:

Pay as You Go Data Add-ons	Per MB cost
500 MB Data Add-on	0.598p
1 GB Data Add-on	0.976p
2 GB Data Add-on	0.732p
3 GB Data Add-on	0.488p
5 GB Data Add-on	0.391p
7 GB Data Add-on	0.349p
10 GB Data Add-on	0.244p

Go Binge was available up until 30 September 2020 to customers taking an MBB plan which includes a data allowance of at least 15 GB. It is no longer available either to new customers or for existing customers whose plan did not include Go Binge on 30 September 2020. For our customers who do have Go Binge, it provides you with an unlimited data allowance that can only be used for streaming video and music from selected partners as long as you have some of your standard data allowance remaining. You can choose to opt out of Go Binge at any time and use your standard data allowance instead. Go Binge is available for use within the UK and our Go Roam destinations (a fair use policy may apply – see **Three. co.uk/go-roam**), but some services may not be available while roaming due to licensing conditions. Go Binge includes a range of third party services, some of which may require their own subscription to access them, and some additional content, such as adverts, may come out of your regular data allowance. For more details of what's included and how to access, see **Three.co.uk/go-binge**

Do you break down the cost of the data that I get as part of my package anywhere?

Yes – you'll see a breakdown of the exact cost of the data included within your package's allowances on page 2 of your monthly bill in the 'Answering your questions' section titled 'About your allowance's unit costs' – we believe this helps you understand the value you're getting from your package. The data allowance for each package is comprised of is also set out on the relevant pages of this Price Guide.

For example, the cost of the 5 GB mobile data, 12-month SIM Plan costing £13 a month is 0.254p per megabyte. These aren't charges for going over your allowance, this data allowance is included in your plan. They also don't include any one-off reductions, discounts, or any Add-on allowances.

We have set out the cost per MB for our pay monthly Addons in the table below.

Add-on	Per MB cost
1GB	0.488p
5GB	0.293p
10GB	0.195p

How do you measure data usage?

Data usage is measured in bytes, this is then aggregated up into large units of measure

- Kilobyte (kB) = 1024 bytes
- Megabyte (MB) = 1024kB
- Gigabyte (GB) = 1024MB
- Terabyte (TB) = 1024GB
- Petabyte (PB) = 1024TB

All current data tariffs are charged and purchased as part of an inclusive allowance and / or as part of an Add-on which provides a specified amount of data you can use for a fixed price. Data usage is calculated based on the amount of data that travels over the data network. Please note that usage may include re-sent data packets and packets added to control the flow of data over the network.

Data is charged at each full MB level. Any partial MB usage will then be prorated as per the customer plan.

What will I have to pay if I want to cancel my contract?
If you ask to cancel your package before the end of your Minimum Term, you'll be asked to pay a Cancellation Fee (see 'What do you charge for Other Services' on page 14). If you are outside of your Minimum Term and want to cancel your contract, there is no cancellation fee to pay. For more information, call Three Customer Services.

Monthly Charge	£20
Total of Monthly Charges remaining during the Minimum Term	£20 x 6 months = £120
Less discount of 3%	£120 - £3.60 (3% of £120) = £116.40
Cancellation Fee	£116.40

Final Bill Refund

When you cancel your account, you won't be able to view your bills on My3 or the Three App, so we'll send you your final bill by post. If your account is in credit when it closes, you may be owed a refund. Any refund owed to you over 50p, will be refunded within 14 days of your final bill. This refund will be sent to the bank account linked to your Three account. If you settle your monthly bill by card payment, any refund owed to you will be refunded directly to your card. If your refund is less than 50p, a refund can be arranged by calling 0333 338 1003, or by using our Live Chat service. If we cannot refund your credit and it remains unclaimed for a period of 6 months, Three will donate this credit to our charity partner. Please note, not all types of credit are eligible for a refund. To find out more about our terms and conditions on refunds, please visit three.co.uk/terms-conditions.

Is there anything else I should note?

Depending on your device, you may be able to use it to make calls and send texts. If so, you should note the following:

Charging/billing.

- All calls (except calls to shortcode, premium rate numbers and EU roaming calls) are treated as a minimum of one minute. Calls of more than one minute are treated as lasting for their actual duration, with fractions of a second being rounded to the nearest second (this does not apply to some roaming calls, calls to Service Numbers and Special Calls).
- Calls to Service Numbers (starting 084, 087, 09 and 118) are charged differently from other numbers. The Access Charge element of these calls will be treated as a minimum of one minute. If your call lasts less than one minute, your Access Charge will be rounded up to a duration of one minute. For calls of more than one minute, the Access Charge element is treated as lasting for its actual duration, with fractions of a second being rounded to the nearest second. The Service Charge element is set by the company you're calling, and may comprise (1) a price per minute Service Charge; (2) a price per call Service Charge; (3) a price per call Service Charge plus a price per minute Service Charge (which runs from the start of your call); and (4) a price per call Service Charge plus a price per minute Service Charge (which runs from 60 seconds after the call starts).

If the Service Charge includes a price per minute Service Charge, this will be treated as lasting its actual duration (except if the first 60 seconds have been excluded), with fractions of a second being rounded to the nearest second. For example, if you make a call using a Pay Monthly plan to a service number, where the Service Charge is 10p per minute, which is simply charged at a price per minute rate, and your call lasts 30 seconds, you'll be charged a total of 70p for this call, as the Access Charge element will be rounded up to a duration of one minute at 65p plus 5p for the 30 seconds of call time for the Service Charge element.

- Each individual charge on your bill is shown with VAT included (where relevant), and is rounded up or down to the nearest tenth of a penny to make it easier to read. This rounding process means that the total charges you see on your bill summary page may not always be identical to the 'Total due by' charge you see on the front page of your bill because the rounding may affect the total of all charges once these have been aggregated to produce the sub-total before VAT. Don't worry, this is normal and you're not being overcharged or undercharged. The actual amount you need to pay is the one shown on your bill's front page, next to 'Total due by'.

Spend caps: We ask all new and upgrading customers at point of sale if they want to set a Spend Cap on their monthly bills which applies to all outside of allowance charges in the UK and whilst roaming abroad. If they choose to do so, the cap will be applied to their account within 7 days of the request. The Spend Cap can be set or changed by the customer at any time – visit **Three.co.uk/control-your-spend**

Spend limits: We've automatically applied limits to the amount you spend on third party digital content and premium rate calls (including directory enquiries) and messages (including SMS shortcode messages). The limits are £40 per single payment transaction and the cumulative sum of £240 for payment transactions made over the course of a calendar month. These limits are set by law and can't be changed. For more information, including confirmation of what types of transactions are affected, visit **Three.co.uk/spendlimits**

VAT invoices: These plans are for your personal use only and are not intended for commercial use – this means that if you signed up to one of these plans on or after 18 August 2016, we're afraid we will not be able to issue you with a VAT invoice in relation to this account. If you do need a VAT invoice in relation to your mobile account, please have a look at one of our Business Plans.
If you joined us before 18 August 2016, you may be able to request a VAT invoice subject to a few simple verification checks – please note that Three will only issue a tax invoice on these plans where it is obliged to do so, in accordance with VAT regulations. You can make this request by calling 333 free from a Three phone, or 0333 338 1001 from any other phone (standard call rate applies) and select the Billing option.

First month pro-rated: Your first month's allowance and charge for your price plan or Add-on will depend on when in the month you join Three or when you decide to select your Add-on. Whenever that is, you can start using your allowance for your price plan or Add-on straight away. We'll work out an appropriate allowance and charge to take you to the end of the first month. After that, you simply pay the standard monthly line rental or Add-on charge for a full month's allowance.

Rich Communication Services: RCS Chats is a "Rich Communication Service" that enables messages to be sent via Wi-Fi and mobile data. Mobile data you use when using RCS Chats will be deducted from any data allowance you have with your plan..

Recurring payment method: New customers can only join pay monthly plans on Direct Debit and our plans' prices include a discount for paying by this efficient means. Direct Debit is brilliant for you as payment will be taken automatically and your account will not be suspended if you forget to pay. It is also the most efficient method for us. You should maintain your Direct Debit whilst you stay as a pay monthly customer. You can change your bank details at any time, just let us know.

We cannot prevent you from cancelling your Direct Debit, and if you do, you are still required to pay your bills by the due date. We will retain your discount if you give us any of the following given means of payment provided that you simply allow us to store your selected payment method so that we can charge you on your billing date each month. Don't worry, you can swap these details at any time and on multiple occasions. If you do not permit us to store payment details you will lose the recurring payment discount.

You can choose any of the following given means of payment. Simply allow us to store details and you will remain eligible for the £5 monthly recurring discount.

Increases to your Monthly Charge

Each April, your Monthly Charge will increase by a fixed amount of £2.30 per month.
Your monthly charge includes a £5 discount for paying by a recurring method, such as Direct Debit. The £5 monthly recurring payment discount and the annual price increase do not apply to Add-ons or out-of-allowance charges.

Monthly Charge until March 2026	Monthly Charge from April 2026 to March 2027	Monthly Charge from April 2027 to March 2028
Price A	Price A + price increase as set out above (=Price B)	Price B + price increase as set out above (=Price C)
We have set out an example below showing how this would work if your Monthly Charge is £30 and you are on a MBB plan meaning that your Monthly Charge will increase each April by £2.30 per month		
£30	£30 + £2.30 = £32.30	£32.30 + £2.30 = £34.60
To find out more about our price increases, please visit our dedicated Price Increase page here**.** This increase applies if you joined or upgraded between 29 October 2020 and 30 September 2021. See our Terms for Three Services for more information Three.co.uk/terms		

Your Rights – Complaints

Remember, if you're unhappy about any aspect of our services, you should contact Three Customer Services on 500 (free) from your Three phone or 0333 338 1003 from any other phone.

We'll investigate any complaint in accordance with our customer complaints code, after which we'll contact you with the results. A copy of our customer complaints code can be viewed on our website at **Three.co.uk/complaints** or you can request a copy by contacting us on the numbers mentioned above.
