Using your device

To use your device you can use any allowances included in your plan. To make calls, send texts or use data which is not included in your plan, you may be able to do any of the following:

- Purchase an add-on
- Pay for your usage at the rates defined in this guide

Standard rates

Our standard rates for voice calls, texts, data and MMS in the UK are as follows:

	Charge
Voice calls to standard UK landlines (starting 01, 02, 03), UK mobiles (any network) and your Three voicemail	65p/ minute
Texts (excluding SMS shortcodes)	2p/ message
Data	10p/ MB
MMS	65p/ message

How we charge standard rates

- Call durations are treated as a minimum of one minute. Calls of more than one minute are treated as lasting for their actual duration, with fractions of a second being rounded to the nearest second.
- Charges for individual voice calls are rounded up or down to the nearest penny.
- We charge for data sent and received. Amounts are calculated to the nearest kilobyte (kB).
- Each text message can accommodate up to 160 characters. Long messages will be sent across numerous text messages and these will be charged separately.
- Where a message contains non-standard characters (such as emojis), the message may be sent as an MMS. Separate charges apply for MMS.
- When you send messages to several recipients at the same time you will be charged separately for each recipient.
- Call Return calls (when you return a call directly to someone who has left a voicemail message, by keying # at the end of the message) are charged at your standard rates as if you had made the call directly. Any call-barring restrictions you have will also apply.
- You can only return one call directly from the voicemail service. As soon as you finish the call you will be disconnected and will have to redial into voicemail if you wish to continue listening to your voicemail.
- If you divert your incoming calls to another number, we'll charge you for each redirected call. The cost of the redirected call depends on the type of number you're calling.
- We may end any calls that you make which are longer than 2 hours, in order to prevent you from incurring excessive, inadvertent costs. If this does happen, and you wish to continue your call, please redial.
- Once you've used up your data allowance, you won't be able to continue using data charged per MB. Instead, you'll need to buy an Add-on or change price plan. This does not apply if you have a Connect plan. If this applies to you, we'll contact you in advance to remind you that we are making this change.

Other sections in this guide explain how we charge for:

- Calls to special numbers;
- calls to directory enquiries;
- calls and texts from the UK to international numbers;
- using your phone abroad.

Smartwatch Pairing Plan

Smartwatch Pairing allows you to share the allowances in your Primary Service with your smartwatch. The Smartwatch Pairing Plan does not include any allowance of calls, texts or data so your smartwatch must be paired with your phone to enable your smartwatch to share the allowances included in your Primary Service.

Plan Name	Duration	Monthly charge
Smartwatch Pairing 1m	1 month	£7
Smartwatch Pairing 12m	12 month	£6
Smartwatch Pairing 24m	24 month	£5

Each April your Monthly Charge will increase as described in the “Increase to your monthly charge” section of this guide.

How we charge for our Three Your Way Plans

- A calendar month is the length of time from a date in any month to the same date in the following month. When a plan starts on the last day of the month and the following month has fewer days, the calendar month ends on the last day of that month.
- Unless otherwise stated, your first month's allowance and charge for your price plan or Add-on will depend on when in the month you join Three or when you decide to select your Add-on. Whenever that is, you can start using your allowance for your price plan or Add-on straight away. We'll work out an appropriate allowance and charge to take you to the end of the first month. After that, you pay the standard monthly recurring charge or Add-on charge for a full month's allowance. The exception to this is if you purchase one of our Add Personal Hotspot Add-ons, the first month of which will not be pro-rated. You will receive the full monthly allowance and be charged the full amount for that Add-on in the first month of purchase.
- Any unused data from your allowance expires at the end of the calendar month and does not roll over to the next month.
- If you have a minutes allowance this may be used for voice calls to standard UK landline or mobile numbers (starting 07). Separate charges apply for voice calls to international numbers or when using your device abroad.
- Separate charges apply for premium rate messages and international special numbers.

Our Three Your Way Plan Add-ons

Go Roam passes allow you to use your UK allowance in our Go Roam destinations without incurring the daily roaming charge (see Using your device abroad section for more info).

If you do not have a Go Roam pass and you use your phone or device abroad, you will incur daily roaming charges when you use your UK allowance. See the appropriate section of this guide for more detail.

Go Roam pass add-ons are valid for use in the appropriate destinations (Go Roam in Europe, Go Roam Around the World, Go Roam Around the World Extra) as shown in the table.

Go Roam passes

- These Add-ons will be activated on the first use of your UK allowance in a Go Roam destination (including making calls, sending texts, or using data) if your plan does not have roaming built-in.
- Once activated, Go Roam pass Add-ons unlock your UK allowance for the full duration of the Add-on in the appropriate Go Roam band (Go Roam in Europe, Go Roam Around the World or Go Roam Around the World Extra.
- Go Roam passes expire after activation according to their duration (3-day/ 72 hours; 5-day/ 120 hours; 7-day/ 168 hours; 14-day/ 336 hours respectively) irrespective of the time zone in which they are used.
- You can purchase more than one Go Roam pass Add-on, of any duration, and these will be redeemed in the order of purchase for that type of pass. For example, if you've purchased multiple Go Roam in Europe passes, they will redeem in the order they were purchased. And if you've purchased multiple Go Roam Around the World passes, they will redeem in the order they were purchased.
- You can also purchase more than one type of Go Roam pass Add-on. If you have both Go Roam in Europe passes and Go Roam Around the World passes and the first use of your UK allowance is in a Go Roam in Europe destination, Go Roam in Europe passes will redeem ahead of any Go Roam Around the World passes.
- Notification (by text message) indicates the start and end of an unlocked period.

- Data Passport Add-ons are active on first use of data and expire after 24 hours.

Any Monthly Recurring Add-ons purchased on or up to 27 October 2023 will continue to recur at the original prices until cancelled. One-off Add-ons are charged at the point of purchase and are effective until they expire.

How we charge for Data Add-ons

- One Month Data Boost provides unlimited data to use for a calendar month. A calendar month is the length of time from a date in any month to the same date in the following month. When a plan starts on the last day of the month and the following month has fewer days, the calendar month ends on the last day of that month. You will be charged the full amount, regardless of when you choose to cancel.
- Recurring Data Add-ons automatically recur every month until you choose to cancel.
- Data Add-ons can be used in the same way as the data in your plan.

We have grouped destinations for convenience as follows:

- Go Roam
 - Go Roam in Europe (GRE)
 - Go Roam Around the World (GRATW)
 - Go Roam Around the World Extra (GRATWX)

In Go Roam destinations you may make use of your UK allowance to contact a UK number (starting 01, 02, 03 or a standard UK mobile) as you would in the UK.

You can do this either by:

- Having roaming "built-in" (some of our plans have inclusive roaming)

Or by unlocking your allowance by:

- Payment of a daily charge (24 hours)
- Purchase of a Go Roam pass Add-on (3-day, 5-day, 7-day, 14-day)

Daily charges in Go Roam destinations

For a fixed daily charge, set out in this table, our Three Your Way Plans allow you to use your UK allowance in any of our Go Roam destinations to contact a UK number (starting 01, 02, 03 or a standard UK mobile) - subject to our Fair Usage policy. Republic of Ireland and Isle of Man are excluded from the daily roaming charge. These charges won't apply if you have roaming built in or if you have purchased a Go Roam pass Add-on. Inclusive roaming is valid throughout the duration of the Minimum Term of your plan.

Where are you roaming?	Daily roaming charge to unlock your UK allowance
Go Roam in Europe (GRE)	£2
Go Roam Around the World (GRATW)	£5
Go Roam Around the World Extra (GRATWX)	£7

Add-ons may reduce the cost of using your device abroad by avoiding the daily roaming charge. See the appropriate section in this guide for details of Roaming Add-ons.

How we charge whilst you're abroad

- The daily roaming charge is automatically applied when you use any of your UK allowances in a Go Roam destination including making calls, sending texts or using data. Once triggered, the charge unlocks your UK allowance for 24 hours in Go Roam destinations. If you have set a Spend Cap, you will need to ensure that it is at a level which permits the daily charge to be applied. If this daily charge cannot be made, you will not be able to use your device in Go Roam destinations.
- Calls to standard landlines and mobile numbers made in an EU country are charged by the second and have a 30-second minimum charge unless otherwise stated in this price guide.
- Calls made in a non-EU country are charged per minute, rounded up to the next minute and have a one-minute minimum charge unless otherwise stated in this price guide
- Calls received in a non-EU country are charged by the second and have a one-minute minimum charge.
- Voice minutes to standard landlines and mobile numbers, Texts and Data will always be consumed from an available Add-on before any available credit is used.
- If you do not have an appropriate allowance (Plan or Add-on), charges will be applied according to our Out of Allowance rates.
- To help you manage your roaming costs when travelling, we'll send you a text message about call charges and roaming rates for each country you visit.
- Calls to pick up your voicemail while you're abroad will be taken from your UK allowance when in a Go Roam destination and this may result in us applying the Daily Roaming Charge to unlock your allowance. In all other destinations these calls will be charged at the rate for a voice call back to the UK.
- Calls to us while you're abroad will be taken from your UK allowance when in a Go Roam destination and this may result in us applying the Daily Roaming Charge to unlock your allowance. In all other destinations these calls will be charged at the rate for a voice call back to the UK
 - Calls to 00800 numbers are charged at 40p per minute, with a minimum call duration of 1 minute and are rounded up to the nearest second, fractions of a second are rounded up or down to the nearest second..
- Visit three.co.uk/roaming for more information.

Our Fair Usage policy

You can use your UK allowance in any of our Go Roam destinations subject to a daily roaming charge. Your usage comes from your UK allowance. If you have a data allowance greater than 12GB, you can use up to 12GB of data each month. If you use 12GB and still have remaining data allowance available, you can continue to use your data, but this is subject to a surcharge - currently 0.3p/MB. When roaming in the Republic of Ireland, fair usage limits do not apply.

We impose a Fair Usage cap in Go Roam destinations as follows:

Destination	Voice (minutes)	Texts (texts)	Data (GB)
Go Roam in Europe	Unlimited	Unlimited	
Go Roam Around the World*			12GB
Go Roam Around the World Extra*	3,000	5,000	

*Usage above these amounts for voice calls and texts will be charged at the rates as specified in the "Charges whilst roaming abroad" table.

Worldwide data roaming limit

We've set up a worldwide data roaming limit of £45 (excl VAT) to stop you spending too much. If you would like this limit changed or removed, please contact Three Customer Services.

Internet and data usage abroad

The speed and availability of Internet access when abroad will depend on several factors, including which network you are roaming on and the services they have available – for example, 4G or 5G networks may not be available, in which case you may only be able to enjoy 3G speeds. Other factors which may affect the speeds that you'll experience include your distance from the nearest mast, your location in a building, local geography and the type of device you're using. Certain services such as audio and/or video streaming may be slower as a result than in the UK. For information on which countries you can roam in, visit three.co.uk/roaming

What other useful information is there for using Go Roam?

- Go Roam is intended for our UK customers, who are UK residents visiting one of the destinations for short periods, like holidays or business trips. It isn't designed for people who live abroad or stay for extended periods.
- As such, if you roam exclusively in one or more of our Go Roam in Europe, Go Roam Around the World or Go Roam Around the World Extra destinations for any two complete months in a rolling 12-month period, we may suspend international roaming on your account, meaning you will no longer be able to use your device abroad. Of course, we'll let you know in advance if this is likely to happen.
- If you spend a full month abroad but some of that time is spent in a destination that isn't included in Go Roam, this fair use policy won't apply.
- In Go Roam destinations, Three may deploy traffic management measures, known collectively as TrafficSense™, to protect the network and to give customers the best internet experience.

Please note: Three reserves the right to suspend this service if we reasonably believe that you are in contravention of our fair use requirements set out in our Terms and Conditions. We reserve the right to extend, withdraw or modify the terms, including this Price Guide, or Go Roam and/or the destinations or service included at any time. See three.co.uk/go-roam/information for full details on how this service works and additional details that may be of interest.

Recurring payment discount

New Three Your Way Plan customers can only join on Direct Debit, and our plans' prices include a discount for paying by this efficient means. Direct Debit is brilliant for you, as payment will be taken automatically and your account will not be suspended if you forget to pay. It is also the most efficient method for us. You should maintain your Direct Debit whilst you stay as a pay monthly customer. You can change your bank details at any time, just let us know. We cannot prevent you from cancelling your Direct Debit and if you do, you are still required to pay your bills by the due date.

We will retain your discount if you give us any of the following given means of payment provided that you simply allow us to store your selected payment method so that we can charge you on your billing date each month. Don't worry, you can swap these details at any time and on multiple occasions. If you do not permit us to store payment details you will lose the recurring payment discount. You can choose any of the following given means of payment. Simply allow us to store your payment details and you will remain eligible for the £5 monthly recurring discount.

Other charges

Limits on third party charges

We've automatically applied limits to the amount you spend on third party digital content and premium rate calls (including directory enquiries) and texts (including SMS shortcode messages). The spend limits are £40 per single payment transaction and the cumulative sum of £240 for payment transactions made over the course of a calendar month. These limits are set by law and can't be changed. For more information, including confirmation of what types of transactions are affected, visit three.co.uk/spendlimits

Spend Caps

We ask all new and upgrading customers at point of sale if they want to set a Spend Cap on their monthly bills which applies to outside of allowance charges in the UK and whilst roaming, including the daily roaming charge in Go Roam destinations (see three.co.uk/Go-Roam). The Spend Cap does not apply to your monthly plan charge, Add-ons, insurance and Three Pay purchases (eg Google Play, App Store, Spotify). The Spend Cap can be set or changed by the customer at any time and will be applied within 7 days of the request. Visit three.co.uk/control-your-spend

Key things to note about rounding on your bill.

Our systems work to very small fractions of a penny, but we only show your charges to two decimal places on your bill to make it easier to read. To enable this, any usage charges and totals on your bill are also rounded up or down to two decimal places individually, which may affect the total of all charges once these have been aggregated to produce the sub-total before VAT. Where a usage charge or total has VAT added to it, we carry out rounding on the usage charge or total before VAT is added, and the amount of the VAT itself. The two sums are then added together to produce the final total. Where your Monthly Charge is subject to a price rise in accordance with our Terms and Conditions, the amount of the increase is rounded to two decimal places and is added to the original Monthly Charge. VAT is then calculated and added as set out above. Because of the rounding mechanism, occasionally there may be a small inconsistency between any manual calculation you may carry out and the calculations made by our systems. Due to rounding mechanisms on billing systems, there may be a +/-1p inconsistency in event charges, and when events are totalled in the invoice it could be more than +/-1p. For more information visit www.three.co.uk/support/bills-and-contracts/understanding-your-bill/about-rounding-on-your-bill The 'Total Due By' charge on your bill is based exclusively on the detailed underlying costs in our system.

Early cancellation fee

We hope you don't want to leave us but if you do decide we're not right for you before your contract ends, we will charge you a fee for leaving us early.

The cancellation fee will be calculated as a lump sum equivalent to the total of the Monthly Charges remaining during the Minimum Term of your agreement less a variable discount, currently 3%. We reserve the right to vary the amount of the percentage from time to time. See calculation example below.

Cancellation fee calculation example	
Monthly Charge	£25
Total of Monthly charges remaining during the Minimum Term	£25 x 6 months = £150
Less discount of 3%	£150 - £4.50 (3% of £150) = £145.50

Increase to your Monthly Charge

Each April, your Monthly Charge will increase by a fixed amount depending on your plan's data allowance. Plans 4GB or less and Smartwatch Pairing Plans will increase by £1.80 per month. Plans from 5GB to 99GB will increase by £1.90 per month. Plans 100GB or over will increase by £2.30 per month. Visit the price increase page for full details. Your monthly charge includes a £5 discount for paying by a recurring method, such as Direct Debit. The £5 monthly recurring payment discount and the annual price increase do not apply to Add-ons, Three Your Way device plan agreement repayments, or Three Insurance premiums. Check out our full terms..

Monthly Charge until March 2026	Monthly Charge from April 2026 to March 2027	Monthly Charge from April 2027 to March 2028
Price A	Price A + price increase as set out above (= Price B)	Price B + price increase as set out above (= Price C)
£30	£30 + £1.80= £31.80	£31.80+ £1.80= £33.60

We have set out an example below showing how this would work if your Monthly Charge is £30 and your data allowance is 4GB on a Pay Monthly SIMO plan meaning that your Monthly Charge will increase each April by £1.80 per month.

To find out more about our price increases, please visit our dedicated Price Increase page [here](#).

This increase applies if you joined or upgraded on or after 9 November 2025. See our Terms for Three Services for more information [Three.co.uk/terms](https://www.three.co.uk/terms)
