

Terms and Conditions for using the Three Network for Business customers who joined, upgraded, or added new Three Services including additional SIMs on or after 1 October 2021.

Quick Summary

Here's a quick summary of some of the key points that Customer should be aware of. The full Terms and Conditions are below. Please read these Terms and Conditions before using the Three Services. If there is any inconsistency between this summary, and the full Terms and Conditions, the full Terms and Conditions will apply.

- A. **Minimum Commitment and annual Monthly Charge increase:** Customer agrees to receive the Three Services for the Minimum Term. The minimum price for Three Services provided under this Agreement is the Monthly Charge for the Minimum Term. Each April, Customer's Monthly Charge will increase by 4.5%. An example of how this increase will work is set out in Table 2 below. For more information, see Section 3.
- B. **Changes:** If we make any changes to the Charges, the Three Services, Outside of Allowance Services or Additional Services and if Three believes those changes give Customer a right to terminate the Agreement, Three will notify Customer at least 30 days in advance of such changes being made. Three may also change or introduce new Charges for Additional Services or Add- Ons which will be published on the Three website. Customer will not be able to end this Agreement in these circumstances. See Sections 3 below.

- C. **Three Network:** Three will try to provide Customer with a great quality Three Network at all times within Three's coverage area. However, due to the nature of mobile technology, there may be times when Three Services aren't continuously available, or the quality is affected. Problems can happen if Three is carrying out maintenance work, if a User is outside Three's coverage area, in a tunnel for example. See Sections 4.15 to 4.18 below.
- D. **Breaking this Agreement:** If Customer does not pay its account on time or Three reasonably believes that Customer has not complied with certain terms of its Agreement, Three may suspend or disconnect Three Services, but Customer must still pay all outstanding Charges (including a Cancellation Fee for disconnection). See Sections 9.1, 9.2 and 10.4 below.
- E. **Ending this Agreement:** How Customer can end this Agreement depends on whether Customer is in its Minimum Term or not, and whether Three has made any changes to the Agreement that are likely to affect Customer. Please see Table 1 below for a summary of how and when Customer can end this Agreement. The Cancellation Fee will be the total of the Monthly Charges remaining during the Minimum Term.
- F. **Personal Data:** Customer agrees to comply with its obligation to inform Users of the transfer of their Personal Data to Three so that Three can process Personal Data in accordance with the terms of this Agreement.

If User(s) would like a copy of these Terms or other communications (other than marketing communications) related to the Three Services in an alternative format (e.g. Braille or large print) please contact Three Customer Services on 337 from a Three Phone or 0800 0338033 from a non-Three phone. For more information on Three's accessibility services please see www.Three.co.uk/accessibility

Terms and Conditions

1. Agreement

- 1.1 Three agrees to provide Customer with the Three Services set out in the Business Proposal subject to the terms of this Agreement. Customer confirms that it is entering into this Agreement as a business and not as a consumer.
- 1.2 This Agreement is made up of:
 - (a) the Customer Agreement Form or Three Business Agreement;
 - (b) the Product Terms;
 - (c) Customer's Price Guide;
 - (d) the terms provided in respect of promotions or special offers;
 - (e) these Terms and Conditions; and
 - (f) any other terms provided in respect of additional Three Services which shall apply in decreasing order of precedence.
- 1.3 This Agreement does not cover:
 - (a) any products or services Users buy while using Three Services; or
 - (b) the supply of a Device.
- 1.4 The Agreement, including the continuation thereof, is subject to ongoing sanctions checks on Customer to ensure compliance with Applicable Law. In the event of an unsatisfactory check, Section 10.2 shall apply.

2. Term of this Agreement

- 2.1 This Agreement starts on the Commencement Date. Where there is a Minimum Term, the Minimum Term shall commence on the Commencement Date. Where Customer has upgraded with Three by signing up to a new agreement for a new Minimum Term, the new Minimum Term will start on the day Three accepts Customer's new request for Three Services, unless Three agrees an alternative date with Customer.
- 2.2 If Customer signed up to a new agreement through Three Telesales or Three Customer Services or if Customer has purchased Three Home Broadband through a Three retail store Customer may cancel this Agreement within the Returns Period. If Customer uses Three Services before cancellation, Customer will be charged for them. Please remember that it can take up to 3 months for some international and Premium Services to be applied to Customer's bill. Please see Three's Returns Policy at [Three.co.uk>Returns](https://www.three.co.uk>Returns) for more information.
- 2.3 Subject to Section 10, if Customer's Package has a Minimum Term, Customer agrees to remain Connected to Three for that Minimum Term. If Customer's Package doesn't have a Minimum Term, or the Minimum Term has ended, Three will continue to supply Customer with Three Services until either Customer or

Three chooses to end the Agreement in any of the ways set out in Section 10.

3. Changes to the Agreement or prices

- 3.1 Customer's Monthly Charge will be subject to an annual increase of 4.5%. The annual increase will first appear on Customer's April bill.
- 3.2 In addition to Section 3.1, Three may change any of the terms of this Agreement, including its Packages or Charges, on the following basis:
 - (a) Three may discontinue or amend your Package or the Three Services in which case Three will let you know no less than 30 days in advance (unless otherwise provided in this Agreement);
 - (b) Three may need to change or introduce new charges in respect of Outside of Allowance Services or Ancillary Services;
 - (c) Three may change or introduce new Charges in respect of Additional Services or Add-Ons and will publish any changes on the Three website. If any Add-ons affected have a recurring Charge, Three will notify Customer at least fourteen (14) days before the Charge changes;
 - (d) where permitted or required to comply with Applicable Law;
 - (e) as a result of any changes to services or increases in charges imposed on Three by third parties e.g. changes to roaming costs or international call costs, where such changes are related to the costs/price increases charged to Three by wholesale partners or providers; and/or
 - (f) where a change is, in Three's reasonable determination, required to maintain or improve the quality or security of the Three Services.
- 3.3 Other than in respect of:
 - (a) a change to Customer's Monthly Charge in accordance with Section 3.1;
 - (b) changes under Section 3.2(e) (unless Customer is materially disadvantaged by such changes and Three notifies Customer in accordance with Section 3.4);
 - (c) changes to Ancillary Services which Customer has not opted to receive;
 - (d) changes to an Additional Service or Add-on which is offered as an optional service for a minimum term of no more than 30 days; or
 - (e) changes to Service Add-ons

where any proposed changes to the Agreement impact a Package that the Customer receives and are not:

- (a) exclusively for Customer's benefit;
- (b) of a purely administrative nature that has no negative effect on Customer; or
- (c) directly imposed by law e.g. changes to VAT;

Three will notify Customer of such proposed changes at least 30 days in advance of the proposed changes taking place.

- 3.4 Where Three makes changes under Section 3.2(e) which in Three's reasonable determination are likely to materially disadvantage a User(s), Three will notify Customer of such proposed changes taking place (which shall be no more frequently than once per month).
- 3.5 Subject to Section 3.6 below, where Three has provided Customer with notice under Section 3.3 or 3.4 above, Customer can, following receipt of any such notice and if such proposed changes are not acceptable to Customer, terminate the Agreement in respect of the affected Packages by giving notice to Three Customer Services or choosing to switch providers within that 30 day notice period.
- 3.6 If Customer or Users carry on using Three Services after the 30 day notice period provided in accordance with Section 3.3 or 3.4 Customer will be deemed to have accepted the change, and will not be able to subsequently terminate the Agreement in respect of such Packages.
- 3.7 If Customer terminates the Agreement in accordance with Section 3.5 during the 30 day notice period provided by Three, no Cancellation Fee will be applicable to such termination by Customer. If Customer terminates the Agreement for any other reason during the Minimum Term, a Cancellation Fee may be payable (as detailed in Section 0).

4. What Three will provide to Customer

A Three Phone number and SIM or eSIM Profile

- 4.1 Three will open an account for Customer and provide Customer with a SIM or eSIM Profile and a Three Phone number for each User.
- 4.2 Three owns each SIM and eSIM Profile, which remain Three's property at all times. Three permits Customer and Users to use the SIM or eSIM Profile on a limited licence to enable Customer and Users to access Three Services.
- 4.3 Each SIM or eSIM Profile can only be used in Devices. If Customer tries to use the SIM in another device, it may damage the device and affect usage (including making emergency calls). In these instances, Three is not responsible for any such damage or usage problems.
- 4.4 The software in the Device and all intellectual property rights in that software are owned by the Device manufacturer. Three permits Customer to use the software on a limited licence from the manufacturer.
- 4.5 A Customer can move existing phone number(s) to Three. Customer will need to ask its previous mobile network operator for its existing PAC(s) and provide such PAC(s) to Three. Once Three has checked the details of the request, it will provide Customer with the date of the transfer to Three. If the move is delayed and the delay is the fault of Three, Customer may be entitled to compensation in the form of a one-off reimbursement of a portion of Customer's Charges.
- 4.6 If Customer decides to transfer a phone number that is connected to the Three Network to a different network provided by another supplier, Customer must ask Three for its PAC(s). Once Three has checked the details of the request, Three will provide Customer with the PAC(s) which must be used within the time specified. The Three Services will be discontinued once Customer's number(s) have been successfully transferred. If Customer moves its Three phone numbers

to another mobile network within the Minimum Term, Customer must pay all Charges owed to Three plus any Cancellation Fee owed.

Three Services

- 4.7 Following the Commencement Date, Three will provide Customer with access to Three Services.
- 4.8 Users may also be able to upload and send their own content using Three Services.
- 4.9 Customer grants Three an irrevocable, royalty free, perpetual and worldwide licence to store, transmit or otherwise deal with any content Users upload on Three Services.
- 4.10 Three:
- (a) may change or withdraw some, or part, of the Three Services from time to time. This may be because of changing technologies, obsolescence, new or different product features, changing content providers or the need to remove, replace or change content. Depending on the changes that Three makes, Customer may have a right to end this Agreement, as explained in Sections 3.2;
 - (b) may determine how Three Services are presented and delivered to the Device or are otherwise made available to Users. Three can change the way Three Services are presented, delivered or otherwise made available to Users at any time;
 - (c) may deploy traffic management measures, known collectively as TrafficSense™, across the Three Network to protect the network and to ensure an enjoyable internet experience for the vast majority of Three's customers. For details see Three.co.uk/trafficsense. Three reserves the right to review and amend any such measures from time to time.

Access to the Emergency Services

- 4.11 (a) Users can make free calls to emergency services from their Phone in the UK by calling 999 or 112. When Users are outside of Three's coverage area in the UK, the Phone will try to locate another mobile network so that they can try to contact the emergency services (however, neither the User's mobile phone number nor the User's Location Data will be transmitted to the emergency services in these circumstances). If Users need to contact the emergency services while roaming abroad, they will need to call 112 (this number is recognised by most mobile operators worldwide) or the local emergency services number if different (however, neither the User's phone number nor Location Data will be transmitted to the emergency services in these circumstances).
- (b) If Users want to call the emergency services with Three's WiFi Calling service, please note that the call may be interrupted or end if User has a power cut or the internet connection fails. If User is having problems connecting with WiFi User may wish to use a mobile or fixed network connection (instead of WiFi) and/or register (and keep Three up to date) on the address where User plans to use Three's WiFi calling services (so Three has the latest location information to

hand for emergency organisations in case of an emergency). User may also be asked to confirm or provide their location when making an emergency call (to help emergency organisations identify the services User needs). Please also note that emergency service calls can't be made using Skype on User's Phone.

- 4.12 Any User having difficulties hearing or are speech impaired and need emergency assistance, can send a text message with details of their location to 999 or 112. The text will be converted and passed to the appropriate emergency service but the User will need to register before being able to use this service. Details on how to do this are available at <http://www.emergencysms.net/>.
- 4.13 If a User has a Device, other than a Phone, such as a Tablet, which is capable of making telephone calls, the User may be able to use this to make free calls to emergency services in the UK by calling 999 or 112, however the User's Location Data may not be transmitted to the emergency services in these circumstances.
- 4.14 If a User has a Device that operates on Android operating system 2.3 and above, on calling 999 or 112 while in the UK and connected via the Three Network, the User's Location Data may be automatically transmitted to the emergency services to help them locate the User in an emergency.

Coverage and network speeds

- 4.15 Three will always try to make Three Services available to Customer. However, there may be areas where Users don't have access to all Three Services or where coverage is otherwise limited or unavailable or network speeds are slower than expected. For more information about coverage see Three.co.uk/coverage.
- 4.16 The data speeds that Users will experience on the Three Network will vary due to a number of factors including the User's distance from the nearest mast, the User's location in a building, local geography, congestion and the type of equipment that the User is using - for example, Users will only be able to enjoy 4G speeds if they are in a 4G coverage area and using a 4G device.

Disruption to Three Services

- 4.17 Due to the nature of mobile technology, there may be situations when Three Services aren't always available, or the quality or network speeds are affected and so Three cannot guarantee continuous fault-free service. For example:
- (a) when Three needs to perform upgrading, maintenance or other work on the Three Network or Three Services;
 - (b) when a User moves outside Three's 3G or 4G service area while on a call (in this case calls may end) or using data (in this case, User's connection may be lost);
 - (c) when a User is in areas not covered by the Three Network. In this case, Three Services rely on other operators' networks, over which Three has no control; and
 - (d) because of factors outside Three's control, such as the features or functionality of the User's Device, legal or regulatory requirements, lack of

capacity, interruptions to the Three Services from other suppliers, faults in other communication networks, the weather or radio interference caused by hills, tunnels or other physical obstructions.

- 4.18 If a User experiences continuous or regularly recurring disruption to Three Services (such as where Customer's access to Three Services is limited or unavailable) Customer may be entitled to a price reduction based upon the period of the disruption. This may take the form of a partial or full credit or a refund of Customer's Monthly Charge. To receive a credit or refund Customer will need to report to Three a disruption on the Three Network in order that Three may investigate Customer's concerns, consider the extent to which the User uses the Three Services in question and measure the disruption against Customer's typical usage history. An alternative means of accessing the disrupted Three Service (for example, using Three InTouch Wi-Fi Calling or Home Signal) must also be unavailable to User.

4.19 Goodwill gesture or credit

Unless otherwise stated to Customer in writing, if Three apply a monetary goodwill gesture or credit to Customer's account during the course of the Agreement, such monetary goodwill gesture or credit may not be redeemed for cash and may solely be redeemed against Customer's use of Three Services.

5. Personal Security

- 5.1 As Three own the SIM and it remains Three's property at all times, Customer shall ensure that Users keep it safe and secure whilst it's in their possession and Customer must ensure that Customer is able to return it to Three, if required. Three may charge Customer for any replacement SIM (as set out in the Price Guide).
- 5.2 Customer shall ensure that Users keep all PINs and passwords secure and confidential.
- 5.3 Customer shall ensure that Users immediately change their PIN or password if Users become aware that someone is accessing Three Services on Customer's account without Customer's permission.

6. Use of Three Services by Customer

- 6.1 Customer shall procure that Users will only use Three Services:
- (a) as set out in this Agreement (and in particular this Section 6); and
 - (b) for Users' own personal use. This means Users must not resell or commercially exploit any of Three Services or Three's content; and
 - (c) in Phones, Tablets or laptops, Dongles and portable Mobile Wi-Fi devices unless otherwise stated.
- 6.2 Customer shall be responsible for Users' authorised or unauthorised use of the Three Services and shall be responsible for protecting passwords and for any use made of those passwords.
- 6.3 Users must not use Three Services, the SIM, the eSIM Profile or Three phone

number or allow anyone else to use Three Services, the SIM, the eSIM Profile or Three phone number for illegal or improper uses. For example:

- (a) for fraudulent, criminal or other illegal activity;
- (b) in any way which breaches another person's rights including copyright or other intellectual property rights;
- (c) to copy, store, modify, publish or distribute Three Services or their content, except where Three gives Customer permission;
- (d) to download, send or upload content of an excessive size, quantity or frequency. Three will contact Customer if Customer's or a User's use is excessive;
- (e) to send or publish bulk messages (including but not limited to marketing, notifications or automated content) or to generate artificially inflated traffic or in any way which breaches any security or other safeguards or in any other way which harms or interferes with the Three Network, the networks or systems of others or Three Services; or
- (f) to use or provide to others any directory or details about Three customers.

6.4 Three Services may only be used for legitimate business purposes by an individual and in the manner intended as set out in this Agreement. As an example, without limitation, unacceptable or prohibited activity includes multiple people using an individual unlimited SIM. Three consider that if Customer/Users regularly use multiple devices with one SIM this is unlikely to be legitimate use as intended under the terms of this Agreement.

6.5 If Three determine in Three's sole opinion that Customer or Users use of the Three Services is in breach of the terms of this Agreement and/or exceeds that reasonably expected of someone using the Three Services for legitimate business use, then Three will notify Customer that usage must be modified within a 14 day period, failing which Three may suspend (in accordance with Section 9) or restrict the Three Service(s) or transfer Customer to a more suitable plan where available. Three will attempt to inform Customer should this action be taken but does not have to.

6.6 Customer and Users shall always co-operate with Three and follow Three's reasonable instructions to ensure the proper use and security of Customer's account. This includes (but is not limited to) any instructions from us to update the settings on a Device and any instructions regarding the use of Customer's Package.

6.7 If anyone makes, or threatens to make, any claim or issue legal proceedings against Users relating to use of Three Services, Customer will, notify Three of this immediately and, at Three's request, immediately stop the act or acts complained of.

6.8 If Three asks Customer to, Customer must confirm the details of the claim(s) in writing.

6.9 Three reserves the right to update these provisions from time to time and it is Customers responsibility to check this. Three may publish an acceptable use policy which provides more details about the rules for use of certain Three Services:

- (a) to ensure that use of Three Services either in the UK or in Three's GoRoam destinations is not excessive;

(b) to combat fraud; and

(c) where Three Services Three offers or may introduce require certain rules to ensure they can be enjoyed by all Three customers.

6.10 Any such policy will be available on the Three website and may be changed from time to time.

6.11 Nothing in this section limits Three's rights and remedies (available at law or in equity) in any way with respect to any breach of this Agreement.

Responsible use - use of Messaging and Storage Services

6.12 While using the Messaging Services, Users must not:

- (a) send or upload anything that is copyright protected, unless the User has permission;
- (b) generate artificially inflated traffic or send unsolicited, bulk or automated messages or other unauthorised communications, or knowingly send any viruses; or
- (c) send or upload anything that is obscene, offensive, abusive, defamatory, menacing, harassing, threatening or is unlawful in any other way.

6.13 Three may put limits on the use of certain Three Services, such as Messaging Services or Storage Services. For example, Three may limit the size of messages or storage space.

6.14 While Three has no obligation to monitor the Messaging Services or Storage Services, if Users exceed Three's published use limits, or Three is made aware of any issues with Customer's use of the Three Services (for example, if Customer is made aware that Customer or a User is using Three Services in any of the ways prohibited in Section 6.12 above) Three reserve the right to remove or refuse to send or store content on User's behalf. Customer may still be charged for any content which is blocked or removed.

Responsible use - use of Age Restricted Services

6.15 Users under 18 are not allowed to access Age Restricted Services. Users who are 18 or over who access the Age Restricted Services, must not show or send content from the Age Restricted Services to anyone under 18. Users must also ensure that they have deactivated any access to Age Restricted Services if they let anyone under 18 use its Device. Customer must ensure a User is 18 or over before requesting access to Age Restricted Services.

6.16 Customer accepts that Three cannot control access to age restricted services obtained over WiFi.

Responsible use - use of Three Services outside the UK

If Users use Three Services from a country outside the UK:

- (a) use of Three Services may be subject to Applicable Law that apply in that other country, and Three is not responsible for a User's failure to comply with such Applicable Law;

- (b) Users will be roaming on another operator's network so:
 - (i) Users may not receive the same level of coverage and speed as they are used to on the Three network. Three has no liability if Users are unable to access services abroad, or if the quality of any other operator's network services differs from those provided on the Three network and;
 - (ii) Three accepts no responsibility for information processing when it leaves Three's control.

6.18 Use of Three Services in Three's Go Roam destinations is subject to Three's fair use policies as published in the Price Guide, which may be updated from time to time see www.Three.co.uk/priceguide for full details:

(a) If Users use Three Services in Three's Go Roam in Europe destinations, Users can use their voice minutes, text messages and/or a portion of their data allowance each month subject to paying a daily charge of £2 to unlock their UK allowance for 24 hours in Three's Go Roam in Europe destinations. The charge includes VAT where applicable and is per SIM. The Republic of Ireland and Isle of Man are excluded from the daily roaming charge. Any use in excess of the monthly fair use data limit, but within any available data allowance, will be subject to a surcharge. More detail on the daily roaming charge and Three's fair use policies are set out in their Price Guide.

(b) If Users use Three Services in Three's Go Roam Around the World destinations, Users can use a portion of their allowance of voice minutes, text messages and data each month subject to paying a daily charge of £5 to unlock their UK allowance for 24 hours for use in Three's Go Roam Around the World destinations. The charge includes VAT where applicable and is per SIM. Any use in excess of Three's monthly fair use data limit, but within any available data allowance, will be subject to a surcharge. Any use in excess of Three's monthly fair use data limit, but within any available data allowance, will be subject to a surcharge. If Users exceed any of the fair use limits for voice minutes or text messages in any two months within a rolling 12-month period, Three has the right to suspend international roaming for a specific User(s) or on Customer's account, meaning that those Users and/or Customer (as applicable) will no longer be able to use their Device or allowances abroad. Three will let Customer know in advance if this is likely to happen. More detail on the daily roaming charge and Three's fair use policies are set out in their Price Guide.

(c) If a User roams exclusively in one or more of Three's Go Roam destinations (including both Go Roam in Europe and Go Roam Around the World) for any two complete months in a rolling 12-month period, Three may suspend international roaming for that User(s) or Customer, meaning that User(s) or Customer will no longer be able to use their Device or allowances abroad. Three will let Customer know in advance if this is likely to happen. If a User(s) or Customer spends a full month abroad but some of that time is spent in a destination that isn't included in Go Roam, this fair use policy won't apply.

6.19 Users may accidentally roam if they are in an area close to national borders because User's Device picks up a network signal across the border. If this is the

case then Customer may be charged as if Users are roaming on an international network.

Payment

Customer must pay Three all Charges in connection with all Three Services which are accessed using the SIMs or eSIM Profiles Three supplies to Customer under this Agreement. Customer must pay the Monthly Charge which is calculated from the earlier of: (i) the date the Equipment and/or SIM is shipped by Three; and (ii) the date the Equipment and/or SIM is received by Customer, whether or not Users' allowance of voice minutes, text messages and/or data are consumed by Users or by another person, with or without Customer's permission. Customer must also pay for all Three Services which are not included in their allowance and which are accessed using the SIM or eSIM Profile Three supplied to Customer or which are accessed using a Device, whether the Three Services are accessed by Users or by another person, with or without Customer's permission. If Customer's SIM and/or Device are lost or stolen Customer remains responsible for all the Charges to Customer's account until Customer notifies Three and arranges for the SIM, eSIM Profile and/or Device to be deactivated.

6.21 Three will send Customer a bill on a periodic basis and this will usually be done monthly. However, Three may change this period, on no less than 14 days' notice.

6.22 Customer's bill will normally include the Monthly Charge for the Package for the next billing period and any administration fees along with Charges for use of the Three Services in the UK in the last period and outside the UK in prior periods (if not within an allowance). If Customer's Package includes an allowance, this will be made up of a certain number of voice minutes or text messages, and/or a certain amount of data each month. If Customer has used all of that monthly allowance by the time Three bills Customer, it will expire and the monthly allowance will then start again on each monthly bill date.

6.23 Charges on Customer's bill are shown inclusive of VAT where appropriate.

6.24 Customer must make payment by the due date and by one of the payment methods stated on Customer's bill. If Customer chooses to pay by a Recurring Payment Method, Customer will benefit from a monthly discount (as set out in the Price Guide. See also Section 6.27). However, Three may also submit an interim bill or require an immediate payment if Three thinks Customer has exceeded a reasonable limit on Customer's account. Customer's bill will state the amount of the Charges due from Customer and the due date by which Customer must make payment. If Customer fails to pay its account on time, Customer will be breaking this Agreement and Three may Suspend or Disconnect Customer. In this case, Customer will have to pay any outstanding Charges. Three may set a credit limit on Customer's account. If Customer exceeds the credit limit Three sets, Three may Suspend any or all of the Three Services Customer uses until Customer has made a payment to the account. Customer should not use the credit limit for budgeting as the amount Customer owes isn't capped or limited by any credit limit Three sets.

6.25 Three will notify Customer at least 30 days in advance of any change in Customer's payment date.

6.26 Three may need to take legal or other collection action against Customer for non-

payment of Charges. This could mean Customer has to pay Three's reasonable costs and expenses, or the reasonable costs and expenses of Three's assignees, including legal and administration costs. Interest will accrue on any sum due under this Agreement each day at 4% a year above the Bank of England's base rate from time to time, but at 4% a year for any period when that base rate is below 0%.

6.27 Three's plans' pricing include a discount for paying by direct debit. Three cannot prevent Customer from cancelling a direct debit, and if a direct debit is cancelled, Customer is still required to pay bills by the due date. In order to maintain this discount, Customer must continue to have a valid direct debit or other Recurring Payment Method in place. If Customer does not have a Recurring Payment Method in place, and pays Three by other means, Customer will not benefit from the discount. Please see the Price Guide for further details of the discount amount and Recurring Payment Methods Three accepts.

7. Customer's Rights – Complaints

7.1 If Customer is unhappy about any aspect of Three Services, Customer should contact Three Customer Services with written notice of the complaint which sets out the full facts and includes relevant documentation.

7.2 Three will investigate any complaint in accordance with its customer complaints policy, after which Three will contact Customer with the results. A copy of Three's customer complaints code can be viewed on Three's website at [Three.co.uk/complaints](https://www.three.co.uk/complaints) or Customer can request a copy by contacting Three Customer Services. If Three are unable to resolve Customer's complaint, Customer may, depending on the nature of the complaint, be entitled to ask Ombudsman Services: Communications to consider the complaint. Their website address is: <https://www.ombudsman-services.org>.

8. Intellectual Property

8.1 All rights in Three Services and their content, belong to Three, or its licensors and Three reserves all of its rights.

8.2 The 'Three' trademark and other related images, logos and names are proprietary marks of CK Hutchison Holdings Limited and Three reserves all of its rights.

9. Suspension of Three Services

9.1 Three may Suspend any or all of the Three Services without notice if:

- (a) Three reasonably believes Customer has provided Three with false or misleading details about Customer;
