About this Price Guide

Three's voice plans include unlimited minutes and texts to UK landlines (starting 01, 02, 03), and standard UK mobiles. Three's Mobile Broadband plans provide data solutions for Customers' businesses. Using broadband SIMs, the Customer can make voice calls and send/ receive text messages depending on the device using the SIM, at Outside of Allowance Services rates set out within this Price Guide. This Price Guide is effective from the date of publication. Three's Terms and Conditions for Business customers using the Three Network can be found online at [Terms & Conditions | Three](#)

All prices in this Price Guide exclude VAT where applicable, except where expressly stated otherwise.

How to contact Three

For service-related queries, call Three free on **337** from a Three phone, or **0800 033 8033** from any other phone.

To speak to Three's sales team, call **0800 033 8022** from any phone.

Lines are open Monday-Friday 08:00-20:00, and Saturday 09:00-18:00.

Lines are closed Sundays and bank holidays.

Customers can also visit a Three store. Find your nearest store at locator.three.co.uk/search,

or chat to an agent online at three.co.uk/business/messaging

If Customer or User(s) would like a copy of this Price Guide in an alternative format, e.g. Braille or large print, please contact Three Customer Services on **337** from a Three phone, or **0333 338 1030** from any other phone. Lines are open between 08:00-20:00 Monday to Friday, and 09:00-18:00 on Saturdays. For more information on Three's accessibility services, go to three.co.uk/accessibility

Key things to note

Add-ons

Add-ons are additional, optional or extra services the Customer can bolt on to Device and SIM Only plans. There are two types of Add-on: recurring Add-ons, and one-off Add-ons.

Recurring Add-ons will be charged pro rata for the first month. After the first month, the Customer will be charged the full amount per month regardless of when the Add-on is cancelled. Recurring Add-on allowances can't be rolled over, and will refresh in line with the Customer's bill cycle until cancelled.

One-off Add-ons are duration based. The Unlimited One Day Boost Add-on lasts until midnight UK time the same day. All other one time Add-ons last 30 days. The Customer will be charged the full amount regardless of when they buy or cancel the Add-on.

Add-on levels:

- A line level Add-on can be purchased by Customer and applied to selected SIMs in the account.
- Adapt Plan level shared Add-ons apply to all the line level connections under the Adapt Plan only. Connections that aren't on a particular Adapt plan to which the Add-on is applied, will not be able to consume from the Add-on. Best suited when you want to purchase an Add-on specifically for connections on Adapt Plan only.
- Account level shared add-ons are Add-ons that apply to all line level connections under the billing account. Regardless of the plan a connection is on, all the connections will be able to consume from the Add-on. Best suited when Customer wants to purchase an Add-on for the entire billing account.

Data Add-ons

Single line level data Add-ons

Single line level domestic data Add-ons will be applied to one SIM in the account and can be purchased with Voice and MBB Business Plans.

	Data Add-ons available at line level						
	1GB	5GB	10GB	20GB	50GB	Unlimited One Day Boost	Unlimited
One-off Add-on	£4	£6	£8	£9	£10	£4	-
Recurring Add-on (monthly charge)	£3	£5	£7	£8	-	-	£12

These Add-ons can be used in the UK, and in any of our Go Roam destinations (as set out within this Price Guide).

Shared data Add-ons

Shared domestic data Add-ons are available to purchase at the billing account level for Voice and MBB Business Plans.

	Shared Data Add-ons available at billing account level									
	30GB	100GB	250GB	500GB	1TB	2TB	5TB	10TB	20TB	50TB
One-off Add-on	£24	£80	£200	£400	£760	30GB	Contact 337 from a Three phone for further information			
Recurring Add-on (monthly charge)	£21	£70	£175	£350	£665	£665

Voice calls made to other international special numbers	Charge (per minute) £2.29

Check three.co.uk/specialnumbers3 for specific numbers

How Three charges for special numbers

Charges for voice calls to special numbers are rounded up to the nearest minute, and charged per minute.

Charges for voice calls to premium rate special numbers (starting 084, 087 and 09) include an Access Charge and a Service Charge. The Access Charge element of these calls will be treated as a minimum of 1 minute, and after the first minute the Access Charge is treated as lasting for its actual duration, with fractions of a second being rounded to the nearest second. The Service Charge is set by the company the User calls, and will be advertised alongside the company phone number.

Free text message with the number(s) the User has requested.</small>

How Three charges for Directory enquiries

Calls to Directory says enquiries include a charge to connect, an Access Charge and a Service Charge. The Access Charge element of these calls will be treated as a minimum of one minute. After the first minute, the Access charge is treated as lasting for its actual duration, with fractions of a second being rounded to the nearest second. The Service Charge is set by the company the User calls.

Calls to Directory enquiries are not included in the allowance of unlimited voice minutes. The Customer will be charged to call these. Call durations are rounded up to the nearest minute, and charged per second.

Key things to note

Additional Services and Outside of Allowance Charges

Three may change or introduce new charges for Additional Services, or Outside of Allowance Services. Three will publish any changes on Three's website. If any Add-ons are affected which have a recurring charge, Three will let the Customer know at least 14 days before the charge changes. If Three do make a change to an Additional Service, and a Customer is not happy with it, the Customer can cancel the Add-on(s) or Users stop using the Additional Services or Outside of Allowance Services. If a Customer would prefer to end the agreement instead, a Cancellation Fee may be payable (please see "Key things to Note").

Additional Services	Charge
Outside of Allowance Data Usage	1p/MB
Multi-Media Messages (MMS), UK Picture and video messages. (Depending on the phone, if a message includes certain emojis, emoticons, or photos, the Customer may be charged this rate for that message.)	54p/message
SMS shortcodes – mobile text shortcode numbers are 5 or 6 digits long and usually begin with a 6, 7 or 8. These are often used to pay for new features in apps, to donate to charity, to enter competitions or to download games and ringtones.	SMS shortcodes will not come out of any inclusive allowance, and are classed as a Premium Rate Service. The network charge is 13p per message, and the charge from the third party varies depending on the promoter's terms and conditions. These should always be checked to find out the exact costs. The Customer and/or Users can check which shortcode services are available on the shortcode checker

How Three charges

Key things to note

Calling or texting international destinations from the UK

If a User is using their Device to call or send messages to a standard international landline or mobile number from the UK, the cost will depend on the country the User is contacting. The Customer won't be charged to receive a call or text from an international number while in the UK.

The Customer and/or User can check which destinations fall under "Go Roam in Europe" in the "Using a Phone Abroad" section.

	Calling or sending a message to a Go Roam in Europe destination	Calling or sending a message anywhere else
Voice calls (per minute)	16.25p	£2.50
SMS (per text)	5.17p	54.17p
MMS (each)	54p	54p

Costs for calls to non-standard international numbers can be found at three.co.uk/nts
See "Charges for calls from the UK to special numbers" on page 7 for more information.

How Three charges for standard international calls and text messages from the UK

Call durations are rounded up to the nearest minute, and charged per minute. Each text message can accommodate up to 160 characters. Long messages will be sent across numerous text messages, and these will be charged separately. Where a message contains non-standard characters (such as emojis), the message may be sent as an MMS. When the User sends messages to several recipients at the same time, the Customer will be charged separately for each recipient.

Key things to note

Using a phone abroad

Unless stated at the point of purchase, International Roaming is switched on automatically on a Customer's account. To help manage roaming costs while the Customer is travelling, Three will text information about call charges and roaming rates for each country visited.

Go Roam in Europe and Go Roam Around the World

For a fixed daily roaming charge per SIM, as set out below, the User can unlock their UK voice, text and data allowance. Provided data roaming is switched on in the Device settings the daily roaming charge starts when the User uses any of their allowances in a Go Roam destination including making calls, sending texts or using data. Once triggered, the charge unlocks User's UK allowance for 24 hours. A fair use policy applies to all usage on a per SIM basis as set out in "Further information about Go Roam".

The daily Charge per SIM to unlock the UK allowance:

Go Roam in Europe EU destinations – £1.67

Go Roam in Europe Non-EU destinations – £2

Go Roam Around the World destinations – £5

There is no daily charge for Republic of Ireland and the Isle of Man.

Three are waiving this charge until 23 October 2022. For more information about which destinations fall under Go Roam, see "Charges while roaming abroad" and for fair usage policies, see "Further information about Go Roam". You can also visit three.co.uk/terms-conditions for full details.

*These costs will only apply if the User exceeds their unlocked Go Roam Allowance

**If the Customer has unlocked their allowance for use in Go Roam destinations, otherwise calls will be charged at Outside of Allowance rates, currently set at 2.5p per minute for EU destinations and 3p per minute for non-EU.

How Three charges for calls abroad

Costs for calls made and received while abroad are rounded up to the first minute, and then charged per minute. Standard roaming charges will apply for listening to voicemail messages or calling Three's dedicated business team when the User is abroad. This applies unless the User has unlocked their Go Roam allowance in a Go Roam destination, using minutes from their allowance. Go to three.co.uk/roaming for more information.

Calling the business support line from outside the UK or Three's Go Roam destinations will be charged at the standard country rate.

How Three charges

Key things to note

Internet and Data usage abroad

When the User roams onto other international networks where data roaming is available, the Charges below will apply. In Three's Go Roam destinations, this Outside of Allowance Charge applies where User has exceeded their plan's data allowance.

Band	Cost per MB
Go Roam Around the World	1p
Go Roam Europe	1p
Band 1	10p
Band 2	£3
Band 3	£6

Data charges are for data sent and received, and are calculated to the nearest kilobyte.

The speed and availability of Internet access when abroad will depend on a number of factors, including which network the User is roaming on and the services available. For example, 5G networks may not be available, in which case the User may only be able to access 4G speeds. Other factors which may affect the speeds experienced include distance from the nearest mast, location in a building, local geography, and the type of device used. Certain services such as audio and/or video streaming may be slower than in the UK as a result. For the latest information on which destinations User(s) can roam in, and on which networks, visit three.co.uk/roaming

Worldwide Data Roaming Limit

Three have set up a worldwide data roaming limit of £45 per SIM to stop Customers spending too much. If a Customer prefers, this limit can be removed by contacting Three's dedicated business support team on 337 from a Three phone.

At 80% and 100% of allowance usage, the User will receive service consumption notifications. Following the User using 100% of their allowance, Charges for continued usage will apply thereafter as set out in this Price Guide.

How Three charges

Key things to note

Further information about Go Roam

All details about Go Roam can be found at three.co.uk/go-roam, but here is some key information.

There is a charge per 24 hour period per SIM to unlock the User's allowances in Go Roam destinations. See "Using a phone abroad" for details. Use of Three Services in our Go Roam destinations is subject to Three's fair use policies, which may be updated from time to time.

Go Roam in Europe

- There are no fair use limits for calls made or texts sent from any available allowance to standard landlines or mobile numbers within Go Roam in Europe destinations, or back to the UK.
- The User can use the allowance to create a personal hotspot in a Go Roam Europe destination.
- All usage over the allowance will be subject to Three's standard roaming rates. For plans with a data allowance less than 12 GB, User can only use up to their allowance free of charge. All usage over the allowance is subject to Three's standard roaming rates. The standard roaming rates are set out within this Price Guide.

Go Roam Around the World

- If a User has a plan that includes voice and text, they can send up to 5,000 texts back to the UK each month from a Go Roam Around the World destination.
- If a User has a plan that includes voice and text, they can talk for up to 3,000 minutes on calls made to standard UK landlines or mobile numbers each month.
- All usage over the allowance will be subject to Three's standard roaming rates. For plans with a data allowance less than 12 GB, User can only use up to their allowance free of charge. All usage over the allowance is subject to Three's standard roaming rates. The standard roaming rates are set out within this Price Guide.

Go Roam in Europe and Go Roam Around the World

- If a User has a data allowance greater than 12GB, they can use up to 12GB of data each month. If the User uses 12GB and still has a remaining data allowance available, they can continue to use the data, but this is subject to a surcharge currently set at 0.25p/MB for EU destinations and 0.3p/MB for non-EU destinations.
- To ensure all Customers can benefit from Go Roam, Three reserves the right to apply a surcharge in case of abusive use, and may monitor usage and presence.
- Go Roam is intended for UK customers, who are UK residents visiting one of the destinations for short periods, like holidays or business trips. It isn't designed for people who live abroad or stay for extended periods.
- As such, if User(s) roam exclusively in one or more of Three's Go Roam destinations (including both Go Roam in Europe and Go Roam Around the World) for any two complete months in a rolling 12 month period, Three reserves the right to apply a surcharge, currently set at 3p/min, 2p/SMS and 0.3p/MB for non-EU destinations and 2.5p/min, 1.64p/SMS and 0.25p/MB for EU destinations.
- If User(s) spend a full month abroad, but some of that time is spent in a destination that isn't included in Go Roam, this fair use policy won't apply.

Please note: Three reserves the right to suspend this service if Three reasonably believes that the Customer and/or User(s) are in contravention of the fair use requirements set out in the Terms and Conditions. Three reserves the right to extend, withdraw, or modify the terms, including this Price Guide, or Go Roam and/or the destinations or services included at any time.

How Three charges

Key things to note

How Three charges

All calls (except calls to shortcode, premium rate numbers and EU roaming calls) are treated as a minimum of 1 minute. Calls of more than 1 minute are treated as lasting for their actual duration, with fractions of a second being rounded to the nearest second (this does not apply to some roaming calls, calls to Service Numbers and Special Calls).

Each individual charge on the Customer's bill is shown with VAT excluded (where relevant), and is rounded up or down to the nearest tenth of a penny. This rounding process means that the total Charges on the bill summary page may not always be identical to the 'Total due by' charge seen on the front page of the bill. Don't worry, this is normal, and customers are not being overcharged or undercharged. The amount a Customer needs to pay is the one shown on the bill's front page, next to 'Total due by'.

First month prorated

Unless otherwise stated, the first month's allowance and charge for a Customer's price plan or Add-on(s) will depend on when in the month the Customer joins Three, or purchases the price plan, or when the Add-ons are selected. Whenever that is, the User(s) can start using allowances for the price plan or Add-on straight away. Three will work out an appropriate allowance and charge to take the Customer and/or User(s) to the end of the first month. After that, the Customer simply pays the standard recurring Monthly Charge, or recurring Add-on charge, for a full month's allowance for each bill cycle thereafter.

VAT invoices

VAT invoices are issued to all Business customers as standard.

Spend Caps

Spend Caps and limits are allocated on a per SIM basis.

Setting Spend Caps

We ask all new and upgrading customers at point of sale if they want to set a spend cap on their monthly bills which applies to all outside of allowance charges in the UK and whilst roaming, including the daily roaming charge in Go Roam destinations ([link to three.co.uk/Go-Roam](http://three.co.uk/Go-Roam)). If they choose to do so, the cap will be applied to their account within 7 days of the request. The spend cap can be set or changed by the customer at any time - visit three.co.uk/control-your-spend for more information.

A Spend Cap can control:

- Calls, texts and data usage after the monthly allowance has been used.
- Calls and texts to premium rate numbers.
- Calls for chargeable non-geographical numbers like 0845 and 0345.
- Calls and texts to international numbers from the UK when there isn't an Add-on.
- Calls, texts and data when roaming abroad in a non-Go Roam destination.
- Calls, texts and data when roaming abroad in a Go Roam destination, and the monthly fair use limits or allowance has been exceeded.

Limits on third party charges

Three have automatically applied limits to the amount Customer and/or User(s) spend on third party digital content, premium rate calls (including directory enquiries) and texts (including SMS shortcode messages). The spend limits are £40 per single payment transaction and the cumulative sum of £240 for payment transactions made over the course of a calendar month. These limits are set by law and can't be changed. For more information, including confirmation of what types of transactions are affected, visit three.co.uk/spendlimits.

Key things to note

Key things to note

Here are some frequently asked questions.

What does unlimited data mean?

If a Customer has unlimited data as part of their package, there are no hidden fair use policies within the UK. Unlimited data should give a Customer and/or User(s) all the access to the Internet normally needed, without worrying about surprise bills. The allowance must be used for legitimate business use only, and not for any illegal, commercial or improper purposes.

How is data usage measured?

Data usage is measured in bytes. This is then aggregated up into larger units of measure:

- Kilobyte (kB) = 1024 bytes
- Megabyte (MB) = 1024kB
- Gigabyte (GB) = 1024MB
- Terabyte (TB) = 1024GB
- Petabyte (PB) = 1024TB

All current data tariffs are charged and purchased as part of an inclusive allowance, and/or as part of an Add-on which provides a specified amount of data to be used for a fixed price. Data usage is calculated based on the amount of data that travels over the data network. Please note that usage may include re-sent data packets, and packets added to control the flow of data over the network.

Data is charged at each full MB level. Any partial MB usage will then be prorated as per the Customer's price plan.

What do unlimited texts and voice minutes mean?

There are no hidden fair use policies with Three's unlimited text or voice allowances when in the UK. For Go Roam allowances, a fair use will apply. See "Further information about Go Roam" for more details.

Is there a maximum call duration?

Three may end any calls a User makes that are longer than 2 hours' duration in order to prevent the Customer from incurring excessive, inadvertent costs. If this does happen, and the User wishes to continue the call, they can simply redial.

How are call returns and diverted calls charged?

Call Return calls are charged at the standard price plan rates, or from any inclusive allocation, as though the User had made the call directly. Call Returns will be shown separately on the bill.

Call Return from voicemail may not be made to certain numbers, such as international and premium rate numbers. Any call-barring restrictions a User may have will also apply. A User can only return one call directly from the voicemail service. As soon as the User finishes the call, they will be disconnected and will have to redial into voicemail if they wish to continue listening to the voicemail.

If the User diverts an incoming call to another number, Three will charge the Customer for each redirected call. The cost of the redirected call depends on the type of number.

Calling or texting international destinations from the UK

Using a phone abroad

How Three charges

Key things to note

- **What do unlimited texts and voice minutes mean?**
- **Is there a maximum call duration?**
- **How are call returns and diverted calls charged?**

How does a Customer cancel the price plan or agreement?

How a Customer can end their plan and/or Agreement depends on whether the Customer is in the Minimum Term or not, and whether Three has made any changes to the Agreement that are likely to affect the Customer. For further details on termination, and for a summary of how and when a Customer can end this Agreement, go to [Terms & Conditions | Three](#)

If a Cancellation Fee is payable, the fee due will be the total Monthly Charges remaining during the Minimum Term. Each SIM may have a Cancellation Fee payable. Please see the below table for an example calculation:

Monthly Charge	£25
Number of months remaining in Minimum Term	6
Cancellation Fee	£25 x 6 = £150

Three's preferred payment methods and recurring payment discount

Three recommends that customers join Three using Direct Debit. Payments will be taken automatically, so the Customer's account will not be suspended if the Customer forgets to pay. The Customer should maintain the Direct Debit whilst a pay monthly customer. Customers can change their bank details at any time. Please note that for changes to apply before the next billing cycle, they must be made at least 3 days before payment is due.

A Customer can cancel a Direct Debit at any time by calling Three, or by contacting their bank or building society. However, the Customer is still required to pay bills by the due date. If a Customer cancels a Direct Debit within 3 days of the due date, the balance due will still be taken. To avoid possible bank charges, please contact them to discuss available options.

Three will retain a Customer's monthly recurring discount if the Customer gives Three any of the following means of payment. This is provided that the Customer allows Three to store the selected payment method so that Three can charge on the billing date each month. If a Customer does not permit Three to store payment details, the Customer will lose the recurring payment discount.

Any of the following means of payment can be selected by a Customer:

Rights – Complaints

If a Customer is unhappy with any aspect of Three Services, the Customer should contact Three Customer Services with written notice of the complaint, setting out the full facts and including relevant documentation. See “How to contact Three” for contact information.

Three will investigate any complaint in accordance with Three's customer complaints policy, after which Three will contact the Customer with the results. A copy of Three's customer complaints policy can be viewed on Three's website at three.co.uk/complaints. A Customer can also request a copy by contacting Three Customer Services. If Three are unable to resolve a Customer's complaint, the Customer may, depending on the nature of the complaint, be entitled to ask Ombudsman Services: Communications to consider the complaint. Their website address is:

ombudsman-services.org
